AGENDA

Middleton Disaster Response Plan

March 8, 2016

Desired Outcome: Learn incident procedure, and receive instruction for individuals

The First Thing - Victor Islas, Middleton Rural Fire District

- Identify the disaster size, scope and location
- Declare an incident Command Post (location)
- Assemble Incident Command Team to proceed with Unified Command
- Determine if Command Post is stable or relocate
- Contact the Emergency Operations Coordinator (if not present at Command Post)
- Establish an "Incident Action Plan"

Care for Self, Family and Neighbor – Mayor Darin Taylor

At time of severe weather, emergency, or disaster:

- If applicable, turn off natural gas, power, and/or water to the house
- Check status of people at home
- Place green, red, and black papers in front window or door

Now:

- Register for Emergency Notification System – canyonco.org yellow button at bottom right
- BBQ working
- 5-gal propane tank, and one extra
- Indoor heat source
- **72 hour kit** (three days) – Victor Islas

Communication – Mayor Taylor

Emergency:	If phones working:	Phone, # from EOC upon disaster, mobile dispatch
	If phones not working:	City parks near restrooms
Information Dissemination:		email if working, City parks, CERT Team, word of mouth

Evacuate or Stay at Home

Evacuate if:	House is at risk by flood
	Low temperature and no heat source
	When Ordered
