Public Comment:

Amanda Hilkey—2131 Pilgrims Way—Discussing the Police Department budget and the need for more bodies in the department. Her husband is Sargent Hilkey, she felt that the city didn’t listen to the department’s request for funding for police officers. Ms. Hilkey stated she has spousal privilege and knows the department needs more bodies. She said she was positive and hopeful that the city would do the right thing and provide the police with more bodies. She stated that officers came with a presentation for the council at the budget workshop on July 21, 2021,

and the council didn't give them time to present their proposal. She said the city council has said the city needs more help because of growth, the mayor needs a raise because of growth and nothing was given to the police. Ms. Hilkey said that the council didn't budget for any more officers they budgeted to give the current officers a raise but what they really need is more bodies. She said they tried to tell the council why they needed more bodies in their presentation but they were shut down by council. She worries because she feels her husband doesn't have backup available when working and has to wait for the county to respond. She said they tried to tell city council why they needed more bodies in their presentation but they were shut down. She asked: "What is more important to you than safety? If that is what is important to you—do what you were elected to do—run the city—keep it safe—let us be confident in your abilities. I am regretting that we moved here to let my husband fulfill his lifelong dream." She stated that it was Sargent Hilkey's lifelong dream to return to his hometown to be a police officer and that dream is being squashed because it isn't in the budget. "I call BS—find it—its there" She stated, "this is our life we love this city, you guys don't love us back."

Mayor Rule responded by stating that he does support the police and has taken a lot of heat for decisions to benefit the police. The city moved the police to a much larger facility and provided upgrades to this facility. He explained that significant funds have been allotted to the police department since he has been in office. The city has increased the budget for the police by about \$250,000 since he has been in office. Further, Mayor Rule explained to the procedure for adding items to the budget; which does not include bringing a proposal to the budget workshop at the city council meetings. There are proper channels that must be followed for the budgeting process. He explained that a request such as additional employees should have been brought to the administration weeks prior to the budget workshop.

Council Comments:

Council Member O'Meara—reported that there are discussions going on with Toll Bros/Coleman regarding the park site and they are considering donating sod to the Greater Middleton Parks and Rec. They are still working on the agreement, but it looks promising.

Council Member Huggins—stated that she may miss the meeting on September 15, 2021. She wanted to let everyone know in advance to hopefully avoid any conflicts.

Adjourn: Mayor Rule adjourned the city council meeting at 7:02 p.m.

Rob Kiser Statement.

this Council and members of the community. I apologize for not being able to attend tonight's meeting. At ~~the~~ time I asked for this item to be placed on tonight's agenda, I was unaware of our return flight time from Atlanta.

I have given the mayor's position a lot of thought over the past two weeks and I have not changed my position on this matter. I do believe Middleton needs a full-time mayor and the mayor should be compensated at a full-time wage. I gave what I believe to be a fair wage in my motion two weeks ago.

I believe Mayor Rule is representing our citizens well in his dealings with ITD, the City of Star, Compass and other entity meetings he continues to attend for the citizens of Middleton. The mayor's meeting schedule, at times, could be considered a part-time job in itself.

As I think about the future of Middleton, I want to attract the best possible mayoral candidates for our residents. While we have a small town feel we are not a small town anymore and our mayor needs to have a particular skill set/understanding of how government entities work.

Thank you.

Rob Kiser
