MIDDLETON CITY COUNCIL APRIL 6, 2022

The Middleton City Council meeting on April 6, 2022, was called-to-order at 5:36 p.m. by Mayor Steven Rule.

Roll Call: Council President Kiser, Council Members Murray, Huggins, and O'Meara were present. City Attorney Mark Hilty, City Administrator Becky Crofts, Deputy Clerk Dawn Goodwin, and City Planning Staff Roberta Stewart were present.

Pledge of Allegiance, Invocation: Daniel (last name inaudible) – Seventh Day Adventist Churches of Middleton and Eagle

Action Items

A. Approve Agenda

Motion: Motion by Council President Kiser to approve the agenda as posted April 1, 2022, at 4:15 p.m. Motion seconded by Council Member O'Meara and approved unanimously.

Information Items:

1.) Department Report, Police - Chief Takeuchi (Exhibit A)

Chief Takeuchi presented to Council and those in attendance a snapshot of calls that the Middleton Police Department have taken over the course of 2022 and provided a comparison of the same calls responded to by the department in 2021.

Action Items:

- 1. Consent Agenda (items of routine administrative business) (Action Items) (Exhibit B)
 - a. Consider approving minutes for City Council March 16, 2022, regular meeting.
 - b. Consider ratifying payroll for March 25, 2022, in the amount of \$111,347.53.
 - Consider approving accounts payable thru April 1, 2022, in the amount of \$141,573.90.
 - d. Consider approving the scope of work from T-O Engineers for the 2022 Middleton Wastewater Treatment Plant Headworks Maintenance.
 - Consider approving an estimate from A-Gem Supply Inc for overhaul to the Middleton Police Department 2 NVR system in an amount not to exceed \$5,610.25.
 - f. Consider approving a quote from Zenner for radio interface units, parts and support in an amount not to exceed \$24,459.00.
 - g. Consider approving a quote from MetroQuip for repair of the city street sweeper in an amount not to exceed \$7,445.88.
 - h. Consider approving pavement restoration/sealcoat of City streets in an amount not to exceed \$62,184.00 comprising of two contracts.
 - 1. Specialty Applicators, LLC in an amount not to exceed \$56.682.00
 - 2. Bighorn Traffic Services in an amount not to exceed \$5,502.00
 - Consider approving a task order authorization from Control Engineers, PA for Win911 upgrade for the WWTP alarming software in an amount not to exceed \$13.889.00.
 - Consider approving a quote from Frontier Precision for a composite sampler for the WWTP associated with the Pilot project in an amount not to exceed \$8,663.00.

- k. Consider approving a proposal from Integrity Inspection Solutions for the annual video sewer line inspections in an amount not to exceed \$49,975.00.
- Consider approving a quote from Simplot for spray chemicals in the amount not to exceed \$6,370.00.

Mayor Rule called the items. Council President Kiser explained the reasoning behind such an unusually long consent agenda. Council President Kiser stated that from here on out, any item that would have typically been its own action item that was previously approved in the FY22 budget would appear under the consent agenda if it fell right at the budgeted amount or under the budgeted amount. The exception to this will be if an item was approved in the budget but it falls slight above the budgeted amount, those items would be taken before council as its own action item.

Motion: Motion by Council President Kiser to approve Consent Agenda Items 1 a-l. Motion seconded by Council Member O'Meara and approved unanimously.

 Consider the appointment of Mark Christianson to the City of Middleton Planning and Zoning Commission to replace Planning and Zoning Commissioner Tim Hoekstra. – Mayor Rule

Mayor Rule called the item. Mayor Rule explained that former Planning and Zoning Commissioner Tim Hoekstra had taken a job that moved him and his family outside of Middleton. Mayor Rule went on to introduce Mark Christianson as his choice for replacement of Mr. Hoekstra.

Motion: Motion by Council President Kiser to appoint Mark Christianson to the Middleton Planning and Zoning Commission to replace Planning and Zoning Commissioner Tim Hoekstra. Motion seconded by Council Member O'Meara and approved unanimously.

3. Public Hearing: Application by Wade Thomas/IAG Capital, LLC, and Bob Unger for preliminary plat with respect to The Mill at Middleton Subdivision located at 0 N. Dewey Avenue (Tax Parcel Nos. R33892, R33888, and R33876). The proposed preliminary plat consists of 50 residential lots and 10 common lots on 16.71 acres of vacant land zoned R-3 (single family residential). – Roberta Stewart

Mayor Rule called the item and declared the public hearing open at 6:00 p.m. Planning and Zoning Official Robert Stewart presented **Exhibit C.** Mrs. Stewart explained that the hearing before council was for a preliminary plat on 16.65 acres, zoned R-3. The plat consists of 50 single family lots and 15 common lots. Mrs. Stewart went to on to read into the record and submit "**Exhibit I**", a letter from the Middleton School District regarding all new development within Middleton.

Mayor Rule stated for the record that Council member O'Meara was directly related to residents who are involved with the development of The Mill at Middleton Subdivision. Mayor Rule recused Council Member O'Meara for the sake of transparency and conflict of interests regarding the hearing and Council Member O'Meara left the council chambers.

Applicant Remarks by Bob Unger

- Presented a fly over video of what the development will look like upon completion.
- Concur with all conditions of approval within the city staff report.
- The old mill site property is being sold to the Foote family allowing Middleton history to be preserved.
- The development will be adding curb, gutter, and sidewalk in front of the Mill site.
- There will be a plaque placed in one of the open spaces in recognition of the historic mill site which will include a brief history of the old mill.

Neutral Comments:

Claudia Moberly – 482 Valley St, Middleton, ID – Mrs. Moberly gave a brief history of regarding the village of Middleton and the old flour mill that stands on the site today. Mrs. Moberly stated that the site is not just an important piece of history for the City of Middleton but for the surrounding valley and that it needs to be protected and preserved for future and current generations to learn from.

Opposition Comments:

Kim and Cindy Mountjoy – 519 Triumph Drive, Middleton; Jo Ellen Ringer – 115 3rd St, Middleton; Allen Stevens – 509 N. Dewey, Middleton; Mike McDougal – 13037 Greenwell LN, Middleton; Mike Graefe – 1889 Ridge Way, Middleton; Donna Rogers – 739 Triumph Dr., Middleton; Jeremy Rudolph – 507 Triumph Dr, Middleton; Ken Houser – 625 Triumph Dr., Middleton; All testified against the development for reasons of safety concerns in regards to pedestrian traffic along Dewey and 3rd St, traffic congestion on the already narrow Dewey, removing open spaces that impact the local wildlife, and the stress being added to the already overcrowded schools and emergency services. Dr. Kylie Billingsley – 507 Triumph Dr., Middleton – voiced concern with the issue of water seepage that is already taking place at her and her neighbors' property. Dr. Billingsley wanted to understand what the developers plan was in regard to reenforcing the canal bank and preventing further seepage and overspill from homes in the proposed development.

Mayor Rule called a break at 7:10 p.m. to sign the Middleton High School student's agendas before continuing with the public hearing. Mayor brought the public hearing back into session from break at 7:18 p.m.

Applicant Rebuttal: Louis Spiker – Representative for Wade Thomas/IAG Capital LLC, and Bob Unger

- The letter from the Middleton School District was in regard to development in general within the city except for comments regarding sidewalks which is addressed with pathways throughout the development.
- This is an infill project that is staying with he zoning that was assigned to the property there has been no request to change the zoning as assigned.
- The development will be making improvements along Dewey.
- Water issues along the canal and related to seepage/drainage will be addressed with the development's engineers for each lot.
- Existing wildlife will have habitat within the open spaces.

- Regarding the exemption being requested, the development will still be
 placing fencing along the perimeter, but the developers are asking that
 the fencing be placed at the back of the homeowner's property instead of
 at the perimeter of the development allowing for more open sight lines
 into the green open spaces.
- Horizontal construction is estimated to take six to eight months with an
 additional nine months for actual construction to be completed at the site.
 During this time construction traffic will be routed off of appropriate
 entrances off of Middleton Rd and Dewey not through the existing
 subdivisions.

Council Member Huggins clarified that the lot sizes in the development were not smaller than 8,000 square feet which is greater than the city lot size requirements. Council Huggins also clarified that the mill site is not included in the 16.65 acres present on the preliminary plat.

Mayor Rule asked for clarification from the developer pertaining to dealing with the issues of water seepage and surrounding resident's issues with water pooling. Mr. Spiker responded that any and all water issues would be addressed by the engineer.

Council Member Murray asked if Mr. Spiker if there was a plan to have fencing placed along the open irrigation? Mr. Spiker responded that there would be a wrought iron fence placed between the walking pathways and the canal.

Mayor Rule closed the public hearing at 8:05 p.m. and a council discussion occurred between Council President Kiser and Council members Huggins and Murray.

Motion: Motion by Council President Kiser to accept the Findings of Facts, Conclusion of Law, Decisions and Order for The Mill at Middleton Subdivision. Motion was seconded by Council Member Huggins and approved unanimously by roll call vote.

Motion: Motion by Council President Kiser to approve the application by Wade Thomas/IAG Capital, LLC, and Bob Unger for preliminary plat with respect to The Mill at Middleton Subdivision subject to the conditions of approval set fourth in the staff report. Motion was seconded by Council Member Huggins and approved with a 2-1 roll call vote. Council Member Murray voted no when called upon during the roll call vote.

Mayor Rule called for a small break at 8:32 p.m. and called the meeting back to order at 8:38 p.m. Council Member O'Meara rejoined the meeting at this time and participated in the remaining city business.

4. Consider approving a Temporary Construction License for City signature. The license will allow the Developer of The Mill at Middleton Subdivision to enter the City of Middleton's easement on Kennedy Meadow property in order to construct a public pathway.

Mayor Rule called the item and Planning, and Zoning Official Roberta Stewart presented **Exhibit D**, which grants the developer of The Mill at Middleton Subdivision permission to access the City of Middleton's easement on Kennedy Meadows.

Motion: Motion by Council President Kiser to approve a Temporary Construction License for City signature. The license will allow the Developer of The Mill at Middleton Subdivision to enter the City of Middleton's easement on Kennedy Meadow property in order to construct a public pathway. Motion was seconded by Council Member O'Meara and approved unanimously by roll call vote.

5. Consider approving Ordinance No. 661 AN ORDINANCE ENACTED BY THE MIDDLETON CITY COUNCIL AMENDING TITLE 7, CHAPTER 3, SETION 07-03-01, MIDDLETON CITY CODE, PERTAINING TO PROHIBITED ACTIVITES IN PUBLIC PARKS OF THE CITY OF MIDDLETON; PROVIDING FOR AN EFFECTIVE DATE; PROVIDING FOR SEVERABILITY; AND REPEALING ALL ORDINANCES, RESOLUTIONS, ORDERS AND PARTS THEREOF, IN CONFLICT HEREWITH. – Becky Crofts (Exhibit E)

Mayor Rule called the item. City Administrator Becky Crofts explained that Ordinance No. 661 cleaned up the wording on the pervious code section regarding public parks.

Motion: Motion by Council President Kiser to read Ordinance No. 661 by title only. Motion was seconded by Council Member Huggins and approved unanimously by roll call vote. Council President Kiser then read Ordinance No. 661 by title.

Motion: Motion by Council President Kiser to waive the three-reading rule and adopt Ordinance No. 661. Motion was seconded by Council Member Huggins and approved unanimously by roll call vote of 3-1. Council Member O'Meara abstained from voting.

 Consider approving the Summary of Ordinance 661 regarding the City's request to amend the following Middleton City Code sections: Title 7, Chapter 3, Section 07-03-01. – Becky Crofts (Exhibit F)

Mayor Rule called the item. City Administrator Becky Crofts explained the summary allowed the city to publish Ordinance No. 661 without having to publish the full ordinance saving the city publishing costs.

Motion: Motion by Council President Kiser to approve the Summary of Ordinance 661 regarding the City's request to amend the following Middleton City Code sections: Title 7, Chapter 3, Section 07-03-01. Motion was seconded by Council Member Huggins and approved unanimously.

7. Consider approving a proposal for development Impact Fee Study and Capital Improvements Plan for the City of Middleton prepared by Tischler Bise on behalf of Galena Consulting. – Becky Crofts

Mayor Rule called the item. City Administrator Becky Crofts presented **Exhibit G** and explained that the CIP for both the parks and police are outdated. This study would update both departments CIP's and would split the costs.

Motion: Motion by Council President Kiser to approve a proposal for development Impact Fee Study and Capital Improvements Plan for the City of Middleton prepared by Tischler Bise on behalf of Galena Consulting in an amount not to exceed \$26,880.00. Motion was seconded by Council Member Huggins and approved unanimously.

8. Consider approving Resolution 466-22 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MIDDLETON, IDAHO, DECALRING CERTAIN BUSINESS PERSONAL PROPERTY AS OBSOLETE OR SURPLUS, AUTHORIZING AND DIRECTING SALE OR DISPISAL OF SURPLUS PROPERTY. – Jason VanGilder

Mayor Rule called the item. Public Works Director Jason VanGilder presented **Exhibit H** and explained that the tanks are obsolete for the city and that this resolution would allow the city to sell the tanks to a potential buyer.

Motion: Motion by Council President Kiser to approve Resolution 466-22 A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MIDDLETON, IDAHO, DECALRING CERTAIN BUSINESS PERSONAL PROPERTY AS OBSOLETE OR SURPLUS, AUTHORIZING AND DIRECTING SALE OR DISPISAL OF SURPLUS PROPERTY. Motion was seconded by Council Member O'Meara and approved unanimously by roll call vote.

 Consider approving the scope of work from T-O Engineers for the 2022 Middleton Wastewater Treatment Plant Seepage Test. – Jason VanGilder

Mayor Rule called the item. Public Works Director Jason VanGilder presented **Exhibit I**. Mr. VanGilder explained that the council was seeing this item as the cost exceeded the originally budget expense.

Motion: Motion by Council President Kiser to approve the scope of work from T-O Engineers for the 2022 Middleton Wastewater Treatment Plant Seepage Test in an amount not to exceed \$10,000.00. Motion was seconded by Council Member O'Meara and approved unanimously.

 Consider approving the recommendation of the establishment of a City of Middleton On-Call Service Roster. – Jason VanGilder

Mayor Rule called the item. Public Works Director Jason VanGilder presented **Exhibit J**. Mr. VanGilder explained that the council was seeing this item as Idaho State Cide 67-2320 allows cities to establish a on call roster for services.

Motion: Motion by Council President Kiser to approve the recommendation of the establishment of a City of Middleton On-Call Service Roster. Motion was seconded by Council Member O'Meara and approved unanimously.

11. Consider approving a request from the City of Middleton with Idaho Power to convert existing streetlights to reflect new rates or upgrade wattage. – Jason VanGilder

Mayor Rule called the item. Public Works Director Jason VanGilder presented **Exhibit H**. Mr. VanGilder explained that the council was seeing this item as it allowed the city to take ownership of the listed streetlights in turn saving the city money with Idaho Power. Mr. VanGilder went on to explain that the city already contracts with AME for providing services to light poles throughout the city so service such as changing bulbs when they burn out.

Motion: Motion by Council President Kiser to approve a request from the City of Middleton with Idaho Power to convert existing streetlights to reflect new rates or upgrade wattage. Motion was seconded by Council Member Huggins and approved unanimously.

12. Consider entering into a Mutual Aid and Assistance Agreement for the Idaho Intrastate Water/Wastewater Agency Response Network (IdWARN). – Jason VanGilder

Mayor Rule called the item. Public Works Director Jason VanGilder presented **Exhibit K**. Mr. VanGilder explained that the Agreement with IdWARN would allow the city to seek assistance from other agencies who are also part of the agreement if and when the need could arise for additional help with equipment and manpower in the case of a disaster.

Motion: Motion by Council President Kiser to approve entering into a Mutual Aid and Assistance Agreement for the Idaho Intrastate Water/Wastewater Agency Response Network (IdWARN). Motion was seconded by Council Member O'Meara and approved unanimously.

13. Consider approving an estimate from Custom Sheds of Idaho for a mower shed at Middleton Place Park in an amount not to exceed \$7,372.00. – Jason VanGilder

Mayor Rule called the item. Public Works Director Jason VanGilder presented **Exhibit L**. Mr. VanGilder explained that the council was seeing this item as the cost exceeded the originally budget expense.

Motion: Motion by Council President Kiser to approve an estimate from Custom Sheds of Idaho for a mower shed at Middleton Place Park in an amount not to exceed \$7,372.00. Motion was seconded by Council Member O'Meara and approved unanimously.

14. Consider approving a quote from John Deere for the purchase of a lawnmower/tractor in an amount not to exceed \$21,126.86 – Jason VanGilder

Mayor Rule called the item. Public Works Director Jason VanGilder presented **Exhibit M**. Mr. VanGilder explained that the council was seeing this item as the cost exceeded the originally budget expense.

Motion: Motion by Council President Kiser to approve a quote from John Deere for the purchase of a lawnmower/tractor in an amount not to exceed \$21,126.86. Motion was seconded by Council Member O'Meara and approved unanimously.

15. Consider approving a quote from Silver Creek for the purchase of materials necessary to extend the irrigation system through the recently regraded area in Piccadilly Park in an amount not to exceed \$7,878.97. – Jason VanGilder

Mayor Rule called the item. Public Works Director Jason VanGilder presented **Exhibit N**. Mr. VanGilder explained that the council was seeing this item as the cost exceeded the originally budget expense.

Motion: Motion by Council President Kiser to approve a quote a quote from Silver Creek for the purchase of materials necessary to extend the irrigation system through the recently regraded area in Piccadilly Park in an amount not to exceed \$7,878.97. Motion was seconded by Council Member O'Meara and approved unanimously.

16. Consider approving a quote from D&B Supply for a 7 x 14 flatbed trailer w/brake in an amount not to exceed \$7,878.97. – Jason VanGilder

Mayor Rule called the item. Public Works Director Jason VanGilder presented **Exhibit O**. Mr. VanGilder explained that the council was seeing this item as the cost exceeded the originally budget expense.

Motion: Motion by Council President Kiser to approve a quote from D&B Supply for a 7 x 14 flatbed trailer w/brake in an amount not to exceed \$7,878.97. Motion was seconded by Council Member O'Meara and approved unanimously.

After a brief council discussion, a decision was made to re-arrange the posted agenda to allow for public, mayor and council comments to take place before the council was to go into executive session.

Motion: Motion by Council President Kiser to amend the posted agenda to allow public comments, mayor, and council comments prior to action item No. 17 executive session. Motion was seconded by Council Member Murray and approved unanimously

Public Comments, Mayor and Council Comments:

- Mike Graffe—1889 Ridgeway, Middleton Mr. Graffe stated that propane tanks
 were originally installed by the city for residents to be able fill their propane tanks
 in order to cook in case of a natural disaster that cut the city off from surrounding
 cites and resources.
- Mike McDoughal 1307 Green Ln Middleton Mr. McDoughal thanked the council for the upcoming Zoning Community Open House. Mr. McDoughal went on voice his concerns that the FCO's not including the impact of the school system was unfortunate and wrong in his opinion.
- Dr. Kylie Billingsley 507 Triumph Dr. Middleton Dr. Billingsley thanked the
 council for allowing her to speak and for them to listen to her concerns. Dr.
 Billingsley wanted the council to know that her and her husband just learned of
 her illegal lot on December 17, 2021, and that since that time she had been
 trying to work with the developer without any point of contact being returned. She
 asked the city if they could give her some direction on what to do or how to
 proceed moving forward.
- City Administrator Becky Crofts Mrs. Crofts presented informed the council of the Community Open House on April 14, 2022, from 6:30 p.m. to 8:30 p.m.
- Mayor Rule Mayor Rule informed Dr. Billingsley that the city could not help advisor her and her husband in a legal compacity but that he wanted to be able to sit down with her and discuss the issues in further detail. Mayor Rule also informed the council that a quote for the livestream of the city council meetings would be brought before them at the next regularly scheduled meeting.

17. Executive Session: (Idaho Code 74-206(1)(f)) to communicate with legal counsel for the public agency to discuss the legal ramifications of and legal options for pending litigation, or controversies not yet being litigated but imminently likely to be litigated.

Mayor Rule called the agenda item.

Motion: Motion by Council President Kiser to enter executive session Idaho Code 74-206(1)(f)) to communicate with legal counsel for the public agency to discuss the legal ramifications of and legal options for pending litigation, or controversies not yet being litigated but imminently likely to be litigated. Motion was seconded by Council Member Huggins and approved unanimously by roll call vote.

Council entered executive session at 9:46 p.m. and resumed regular session at 10:45 p.m. Council President Kiser noted for the record that there were no decisions made during the executive session.

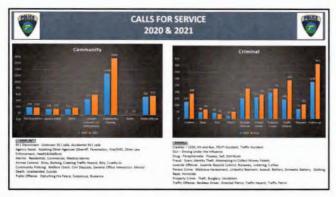

Adjourn: Mayor adjourned the city council meeting at 10:48 PM.

SCOPE OF WORK City of Middleton, Headworks Maintenance March 16, 2022

Project Name: 2022 Middleton Wastewater Treatment Plant Headworks Maintenance Consultant Company Address: T-O Engineers, 332 Broadmore Way, Nampa, Idaho 83687 Consultant Project Manager/Contact Information: Kasey Ketterling, PE, 208-442-6300

Contract Amount: \$7,755.00 (Lump Sum & Time and Material)

Duration: March 2022 – September 2022

Project Understanding

A concrete forensic evaluation was performed on the existing screening vault adjacent to the lift station and signs of deterioration were observed. The City of Middleton has requested the screening vault be coated. This scope includes the creation of a bid specifications for influent bypassing, coating, servicing of the Huber screens, and replacement of conduit within the screen vault. Consultant will create and provide support of bid documents and bid process.

This scope of work assumes the following general assumptions based on discussions with the City of Middleton staff and other available information.

General Assumptions:

- A. As-built information of the screening vault and forensic evaluation will be provided.
- B. The coating specifications and procedures will be based on the forensic evaluation and coating manufacture recommendations.
- C. CONSULTANT does not guarantee the structural integrity of the screen vault and influent lift station results after coating is completed.
- D. Middleton staff will assist in bypass design for coordinating impact to the plant.
- E. Scope anticipates 1 review with Client.
- F. Construction assistance is not included in this scope.

Scope of Work Services:

1. SPECIFICATION DOCUMENT

- 1.1. Design Specification-CONSULTANT will prepare a phasing and technical specification document to be used in construction that includes the following items:
 - Bypass pumping
 - Influent Screen vault coating
 - Coordination of screen maintenance
 - Replacement of electrical conduit within influent screen vault

2. BID ADMINISTRATION AND SUPPORT

Bid Administration and Support is provided under a time and materials basis when requested by the City.

- 2.1. Contract Documents –CONSULTANT will prepare a digital set of bid documents and plans to be distributed by the CITY during the bid process. CONSULTANT will prepare contract documents. Bid documents will include specification documents prepared in section 1.
- 2.2. Pre-Bid Meeting CONSULTANT will prepare agenda and conduct meeting with CITY staff and interested parties to discuss project, answer questions, etc. CONSULTANT will record meeting minutes and transmit to CITY.
- 2.3. Bid Administration CONSULTANT will review bid comments, prepare addendum, and advise CITY on bid inquiries. Assume one (1) addendum will be issued.
- 2.4. Bid Opening CONSULTANT will prepare bid summary, assist CITY in reviewing bids and make recommendation for award.

Project Schedule

Item Expected Completion

Signed Contract: March 28, 2022

Bid Administration

City Submittal April 25, 2022
City Approval May 9, 2022
Final Plans & Spec: May 23, 2022
Bid Advertisement: June 6, 2022
Construction: August - October

Cost of Services:

<u>Services for Section 1</u> will be billed on a Lump Sum basis in accordance with the attached labor estimate and cost summary.

<u>Services for Section 2</u> will be billed on a Time and Material Basis as requested by the City.

RE: City of Middleton – Win911 Interactive Upgrade - Hardware & Programming Services Proposal

Dear Mr. Van Gilder:

Control Engineers is pleased to provide this proposal for engineering services in support of the City of Middleton Win911 Alarm Dialer Software upgrade via e-mail. We understand the project to include installation of Win911 on two SCADA PC's (City Hall and WWTP) including configuration, testing and operator training. This also includes provision and installation of two analog phone line modems for operator notifications.

We understand our design deliverables to include:

- Win911 upgrade from obsolete version 7 to the latest Pro-Interactive version:
 - o Migration of existing alarms to new Win911
 - Work with operators to configure alarm priorities & severities
 - Configure dialers for voice notifications
 - o Configure mobile Win911 application on cell phones for operator interface
- (2) Grandview modems for analog phone dial out, installation & configuration
- Allen Bradley connector for WWTP SCADA
- SCADA alarm integration & testing, operator training

Our estimated fee for these deliverables is based on 40 hours of engineering services and includes the cost of all hardware and software licenses for a complete and operable system:

Task	Description	Fee	
Programming Services	Software installation, configuration, testing & operator training	\$	6,880
Software & Hardware	Software licensing, Hardware equipment cost	\$	7,009
Total		\$	13,889

Middleton School District #134

City of Middleton--Public Hearing Notice Response

General Response for All New Development

Middleton School District is currently experiencing significant growth in its student population. As it is now, we have 2 of our 3 elementary schools over capacity (2 portables at Mill Creek, 3 portables at Heights Elementary) with more coming. We are nearing capacity, but have not superseded at this point, at our high school and middle school. As it stands now there is a need for additional facilities in our school district, primarily at the elementary grades. However, we have significant concerns of the continued growth and our ability to meet the future facility needs of our district at the secondary level (Middleton Middle School and Middleton High School).

Middleton School District #134

Every Child Learning Every Day

We are in process of having a demographic study performed for our school district boundaries and preliminary data suggests that for every new home we could expect between 0.5 and 0.7 (with an average of .559)** students to come to our school. That is the factor/rate we use to make our projection of student impact for each development.

We encourage the city to be judicious in their approval process recognizing that each new development brings new students to our school and will increase the burden placed on taxpayers within the school district. New facilities, primarily an elementary school, are needed now, but additional students could continue to increase that need.

**Please note a change in this rate from previous correspondence

The Mill at Middleton Subdivision

Students living in the subdivision as planned would be in the attendance zones for both Middleton Heights and Mill Creek Elementary school. With 50 lots, we would anticipate, upon completion, an increase of 25-35 students between Middleton Heights Elementary, Mill Creek Elementary, Middleton Middle School, and Middleton High School.

In addition to the increase in student population, no bussing would be provided for elementary school students. As such, it would be important that the developer include plans for sidewalks connecting to the existing sidewalk system so that students have a safe passage to school. (Bussing would be provided for Middle and High School students)

EXHIBIT "D"

TEMPORARY CONSTRUCTION LICENSE

This Temporary Construction License Agreement ("Agreement") is made this _____ day of _____ 2022, ("Effective Date") by and between the City of Middleton, a municipal corporation of the State of Idaho ("City") and IAG Capital, LLC, an Idaho limited liability company ("Developer").

RECITALS

WHEREAS, the City is the holder of a twenty foot greenbelt easement ("Greenbelt Easement") running along the southern boundary of certain real property in the Kennedy Meadows Subdivision, City of Middleton, State of Idaho, which property is more fully described as:

Lot 06, Block 1 and Lot 14, Block 2 of Kennedy Meadows Subdivision according to the official plat thereof recorded on March 11, 2005 as Instrument No. 200512573, records of Canyon County, Idaho.

WHEREAS, said Greenbelt Easement runs parallel to the southern boundary of said real property at a distance of twenty feet (20') therefrom, as depicted on the final plat for the Kennedy Meadows Subdivision, a true and correct copy of which is attached hereto as Exhibit A and incorporated by this reference; and,

WHEREAS, Developer desires to construct a paved pathway within said Greenbelt Easement ("Improvements"); and,

WHEREAS, the City desires to grant developer a license for the construction thereof.

NOW, THEREFORE, IN CONSIDERATION OF THE FOLLOWING COVENANTS ANDPROMISES, THE PARTIES AGREE AS FOLLOWS:

- 1. GRANT OF LICENSE. City hereby conveys to the Developer a temporary construction easement for the purpose of construction the Improvements and related activities including, without limitation, pathway construction, grading, drainage improvements, and landscaping.
- 2. LICENSE DESCRIPTION AND TERM. The licensed areas shall be the same area as the Greenbelt Easement ("Licensed Premises"). The term of this license shall commence on the Effective Date and shall continue for thirty six (36) months.
- 3. NON-EXCLUSIVE EASEMENT. This license shall be non-exclusive and shall not preclude City or its employees, contractors, or other agents from use of the Licensed Premises.
- 4. CONDUCT OF WORK AND RESTORATION OF EASEMENT PREMISES. The Developer shall comply with all rules and regulations, whether federal, state, county, or municipal relating to the occupancy and use of the Licensed Premises. On revocation, surrender or other termination of this license, the Developer shall quietly and peaceably surrender the Licensed Premises occupied by the Developer and shall promptly and diligently repair any damage to the Licensed Premises caused by the activities of the Developer (or any contractor, employee, or agent of the Developer).
- 5. INSURANCE. The Developer shall at all times have insurance of the types set forth herein and in the amount of \$1,000,000.00 and shall furnish to City a certificate or certificates of TEMPORARY CONSTRUCTION LICENSE 1

insurance evidencing such insurance acceptable to City. The following insurance is required:

- A. Comprehensive General Liability Insurance; and
- **B.** Workers Compensation Insurance meeting statutory requirements.
- **6. ASSIGNMENT.** Developer may assign any of the rights or obligations created hereunder without the prior written consent of the City. The terms of this Agreement shall be binding upon and shall inure to the benefit of the permitted successors in interest or the legal representatives of the parties.
- 7. ATTORNEY'S FEES. If any action is filed or maintained by either party in relation to this Agreement, the substantially prevailing party shall be awarded its reasonable costs and attorney's fees, which rights shall survive termination of this Agreement.
- **8. RELATIONSHIP OF THE PARTIES.** The parties to this Agreement are not and shall not be construed to be partners, joint venturers or agents of one another with respect to the installation of improvements or any other activities associated with this Agreement.
- 9. **DUPLICATE ORIGINALS.** This Agreement may be executed in multiple counterparts, each of which shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.
- 10. INTEGRATION. This Agreement is the full and complete expression of the agreement of the parties with respect to the subject matter hereof, embodies the entire Agreement of the parties and there are no promises, terms, conditions, or obligations other than those contained or referenced herein; and this Agreement shall supersede all previous communications, representations or agreements, either verbal or written, between the parties.

ORDINANCE NO. 661

AN ORDINANCE ENACTED BY THE MIDDLETON CITY COUNCIL AMENDING TITLE 7, CHAPTER 3, SETION 07-03-01, MIDDLETON CITY CODE, PERTAINING TO PROHIBITED ACTIVITES IN PUBLIC PARKS OF THE CITY OF MIDDLETON; PROVIDING FOR AN EFFECTIVE DATE; PROVIDING FOR SEVERABILITY; AND REPEALING ALL ORDINANCES, RESOLUTIONS, ORDERS AND PARTS THEREOF, IN CONFLICT HEREWITH.

BE IT ORDAINED by the Mayor and Council of the City of Middleton, County of Canyon, State of Idaho:

Section 1. That Title 7, Chapter 3, Section 07-03-01 of the Middleton City Code is hereby amended, as follows:

7-3-1: PERMITS; PROHIBITED ACTS:

The following are prohibited in all public parks, unless a permit is first obtained from the government entity which owns such park, whether that be the City of Middleton or Greater Middleton Parks and Recreation District:

- A. Unauthorized motor vehicles. This rule shall not prohibit the use of ADA compliant wheelchairs that are motorized and other similar accessibility enhancing devices by disabled individuals.
 - B. Overnight parking and parking or displaying "for sale" vehicles.
 - C. Alcoholic beverages.
 - D. Selling any goods, food or food products of any kind.
- E. Conducting business in or at a City park or facility, except in an area designated for a farmer's market or as part of events with a special events permit issued by the City.
 - F. Camping day or night.
- G. Hunting, shooting at targets, lighting fireworks, golfing, or participating in any activity involving objects that can cause great bodily harm, for example throwing or slinging rocks or stones, flinging sharp-ended arrows, knives, hatches, guns, paintball guns, javelins javelines, swords or spears.
 - H. Bicycle riding and skateboarding on ball fields and courts.
 - I. Glass containers.
 - J. Signs, except team name and sponsor banners during contests.
 - K. Metal detecting/worm gathering.
- L. Fire; except in a grill attended at all times. All fires which are properly maintained shall be extinguished before leaving the park.
 - M. Smoking and vaping.
- N. Despoiling, littering, defacing, or creating an unsanitary condition in the park including a restroom or washroom.
- O. No person shall use the park restrooms and washrooms designated for the opposite sex unless under six (6) years old and accompanied by a parent.
- P. Constructing or erecting any building or structure of whatever kind, whether permanent or temporary in character, or running or stringing any utility line onto, upon or across any park or public lands.

- Q. Destruction of vegetation. Damaging, cutting, carving, marking, defacing, transplanting, or removing any tree or plant, or injuring the bark, or picking the flowers, fruit or seeds of any tree or plant. Attaching any rope, wire or other contrivance to any tree or plant. Climbing on, hanging from or bending trunks or branches of any tree or plant. Digging in or otherwise disturbing grass areas or in any other way injuring or impairing the natural beauty or usefulness of any area.
- R. Destruction of park property. Marking, defacing, disfiguring, injuring, tampering with, displacing or removing any buildings, bridges, tables, benches, fireplaces, railings, playground equipment, paving or paving material, water lines or other public utilities or parts or appurtenances whatsoever, either real or personal, or have in his possession any of the foregoing things or objects, or any part thereof.
- S. Disturbing the peace. Engaging in any conduct that interferes with another person's reasonable use and quiet enjoyment of any park. While in a public park, using obscene, abusive or threatening language; using or threatening any act of violence; using a radio, loudspeaker, CD player, tape player, or any other amplification device which can be heard at a distance of more than fifty feet (50') from the source of the amplified sound; engaging in riotous or disorderly conduct; removing or damaging any structure, any item of park equipment, any plant or natural feature; riding a bicycle, skateboard or other wheeled implement, except on paved paths, or in such a manner as threatens other park users; and littering.
- T. Refusal to leave park. No person shall refuse to leave a park when directed to do so by a police officer or City official.
- **Section 2.** This ordinance shall be in full force and effect from and after its passage, approval, and publication, according to law.
- **Section 3.** This ordinance is hereby declared to be severable. If any portion of this ordinance is declared invalid by a court of competent jurisdiction, the remaining provisions shall continue in full force and effect and shall be read to carry out the purposes of the ordinance before the declaration of partial invalidity.
- **Section 4.** All ordinances, resolutions, orders and parts thereof in conflict herewith are repealed.

PASSED BY THE COUNCIL OF THE CITY OF MIDDLETON, IDAHO, this day of, 2022.								
APPROVED BY THE MA day of, 2022.	AYOR OF THE CITY OF MIDDLETON, IDAHO, this

Proposal for Development Impact Fee and Capital Improvements Plan

Middleton, Idaho

February 15, 2022

Table of **Contents**

Section A: Cover Letter	1
Section B: Firm and Staff Profile	3
Section C: Project Approach	16
Section D: Project Schedule	23
Section E: Fee Schedule	25

Section A: Cover Letter

February 15, 2022

Ms. Becky Crofts, City Administrator City of Middleton 1103 West Main Street Middleton, ID 83644

RE: Proposal for Development Impact Fee Study and Capital Improvements Plan

Ms. Crofts,

TischlerBise, on behalf of Galena Consulting, is pleased to submit the enclosed proposal to prepare a Development Impact Fee Study and Capital Improvements Plan for the City of Middleton. This assignment requires a consulting team with a unique combination of experience and expertise. We feel that TischlerBise, paired with Galena Consulting, is ideally suited to undertake this project based on our Team's extensive national and Idaho impact fee experience. There are several points we would like to note that make our qualifications unique:

- Depth of Experience. TischlerBise is the nation's leading impact fee and infrastructure financing consulting firm. Our qualified professionals bring an unparalleled depth of experience to this assignment. We have managed over 1,000 impact fee studies across the country more than any other firm. We are innovators in the field, pioneering approaches for credits, impact fees by size of housing unit, and distance-related/tiered impact fees. More important, a TischlerBise impact fee methodology has never been successfully challenged in a court of law.
- Idaho Experience. Galena Consulting has unsurpassed experience preparing impact fee studies and capital improvement plans in the State of Idaho. Galena Consulting has completed impact fee studies and developed capital plans for over 50 local governments in the Intermountain West over the past 19 years. This work has involved the capital needs for Transportation, Parks and Recreation, Fire and Emergency Medical Services, and Law Enforcement.
- Technical Knowledge of Land Use Planning and Local Government Finance. The City requires consulting expertise in the areas of land use planning, transportation, and economic development in the State of Idaho, as well as in local government finance. Many communities overlook the fact that impact fees are a land use regulation. TischlerBise will apply years of impact fee and land use and economic development planning experience within the context of overall City financial needs, and land use, transportation, and economic development policies. This will lead to a work product that is both defensible and that promotes equity.
- Community Outreach. An important component of a successful impact fee program is community support. All three members of our project team have substantial experience developing and

Responsiveness. As a small firm, we have the flexibility and responsiveness to meet all deadlines
of the City's project. In addition, much of the consulting work on this assignment will take
place at our Boise offices.

If you have any questions regarding our proposal, please feel free to contact Anne Wescott or myself. Our Team looks forward to the possibility of working with the City and are committed to providing cost-effective, high-quality support for this assignment.

Sincerely,

L. Carson Bise II, AICP, President

Section B: Firm and Staff Profile

This proposal represents a joint venture between TischlerBise and Galena Consulting. TischlerBise will be the prime contractor and Galena Consulting will be a subcontractor.

TischlerBise, Inc.

TischlerBise is a fiscal, economic, and planning consulting firm specializing in fiscal/economic impact analysis, impact fees, market feasibility, infrastructure financing studies, and related revenue strategies. Our firm has been providing consulting services to public agencies for over thirty years. In this time, we have prepared over 900 fiscal/economic impact evaluations and over 1,000 impact fee/infrastructure financing studies – more than any other firm. Through our detailed approach, proven methodology, and comprehensive product, we have established TischlerBise as the leading national expert on revenue enhancement and cost of growth strategies.

TischlerBise, Inc., was founded in 1977 as Tischler, Montasser & Associates. The firm became Tischler & Associates, Inc., in 1980 and TischlerBise, Inc., in 2005. The firm is a Subchapter (S) corporation, is incorporated in Washington, D.C., and maintains offices in Bethesda, Maryland and Boise, Idaho. The firm's legal addresses are:

TischlerBise consistently exceeds our client's expectations, which is due in large part to the **heavy involvement of our highly skilled principal-level professionals.** We are proud of the fact that most of our clients retain TischlerBise for return engagements. There are several areas that make our qualifications unique:

- Unsurpassed Expertise. Our qualified professionals bring an unparalleled depth of experience to this assignment. We have managed over 1,000 impact fee studies across the country – more than any other firm.
- Innovators. TischlerBise has been at the forefront of developing unique and innovative approaches for impact fees that are based on the client's policy objectives and backed by rigorous primary data development. For example, TischlerBise has developed and refined methodologies for calculating impact fees by size of housing unit and developing distance-related/tiered transportation impact fees. More important, a TischlerBise impact fee methodology has never been successfully challenged in a court of law.
- Consensus Builders. Our seasoned Project Team has actively participated in legislative body
 meetings and citizen committees to educate stakeholders regarding the technical process of impact
 fee calculations as well as the pros and cons of impact fees. We have unsurpassed experience as

consensus builders working with a broad cross-section of urban, suburban, and rural communities across the country.

An important factor to consider related to this work effort is our **previous experience preparing impact fees in the State of Idaho.** The table below provides a complete list of TischlerBise's Idaho impact fee experience.

Galena Consulting

Galena Consulting was founded in Boise, Idaho in 2002 to support local governments in providing innovative and fiscally sustainable services. Galena Consulting has been a trusted partner for Idaho cities, counties and other taxing districts in capital planning and impact fee development for 19 years. Other services include operational analyses, fee studies, fiscal impact analyses, policy development, consolidation analysis, strategic planning and management coaching.

Project Team

To successfully navigate through the City's impact fee study, the successful consultant must possess specific, detailed, and customized knowledge, not only of the technical analysis, but also of the context of the impact fee structure in achieving the City's land use, affordable housing, and economic development policy goals. Our Project Team for this assignment includes our most senior and experienced impact fee professionals. We have unsurpassed experience performing projects requiring the same expertise as that needed to serve the City. The role of each team member and their qualifications are briefly discussed in this section, and the organizational chart shows our project team.

Carson Bise, AICP, President of TischlerBise, will serve as Principal-In-Charge. In this role, Mr. Bise will coordinate our Project Team's interaction with the City to ensure that all work is completed properly, on

time, and within budget. He will work closely with Ms. Wescott and Mr. McAweeney, developing and reviewing all aspects of the project and providing overall quality assurance for the project.

Colin McAweeney, Senior Fiscal/Economic Analyst, will serve as Project Manager for this assignment. Mr. McAweeney has been with TischlerBise for seven years and is the Project Manager for many of our Arizona assignments, which have the most stringent impact fee enabling legislation in the country. Mr. McAweeney heads our Boise office and has prepared impact fees in Kellogg, Idaho Falls, Hayden, and Sandpoint. Mr. McAweeney was the project manager for our recent assignment developing a regional fiscal impact model for COMPASS and project-level fiscal impact model for the City of Eagle.

Anne Wescott is President of Galena Consulting. Ms. Wescott will provide project support for this assignment. She will work closely with Mr. Bise and Mr. McAweeney, developing and reviewing all aspects of the project and providing overall quality assurance for the project. **Ms. Wescott has managed many similar projects in the State of Idaho.**

Complete staff resumes are shown below.

L. Carson Bise, II, AICP, President

EXPERIENCE

Carson Bise has thirty years of fiscal, economic, and planning experience and has conducted fiscal and infrastructure finance evaluations in thirty-nine states. Mr. Bise is a leading national figure in the calculation of impact fees, having completed over 350 impact fee studies. Mr. Bise has also written and lectured extensively on fiscal impact analysis and infrastructure financing. His most recent publications are Next Generation Transportation Impact Fees and Fiscal Impact Analysis: Methodologies for Planners, both published by the American Planning Association, a chapter on fiscal impact analysis in the book Planning and Urban Design Standards, also published by the American Planning Association, and the ICMA IQ Report, Fiscal Impact Analysis: How Today's Decisions Affect Tomorrow's Budgets. Mr. Bise was also the principal author of the fiscal impact analysis component for the Atlanta Regional Commission's Smart Growth Toolkit and is featured in the recently released AICP CD-ROM Training Package entitled The Economics of Density. Mr. Bise is currently on the Board of Directors of the Growth and Infrastructure Finance Consortium and recently Chaired the APA's Paying for Growth Task Force. He was also recently named an Affiliate of the National Center for Smart Growth Research & Education.

Colin McAweeney, Senior Fiscal and Economic Analyst

EXPERIENCE

Colin McAweeney is a Senior Fiscal and Economic Analyst at TischlerBise in Boise, Idaho, with specialties in finance and economic development planning. Mr. McAweeney is an industry expert regarding the intersection of land use planning and municipal finance. His expertise ranges from project-level impact analysis to regional fiscal model design and programming. Additionally, McAweeney has completed impact fee and user fee studies in 30+ communities. Prior to joining TischlerBise, he completed a thesis surrounding urban aspects that attract investment and worked in the finance sector for several years.

EXPERIENCE

Anne Wescott has conducted impact fee studies of capital infrastructure needs triggered by growth for over 50 local government agencies. Developing long range capital improvement plans was incorporated into each project. Ms. Wescott is also a leader in managing various financial analysis projects for Idaho jurisdictions. These studies included a comprehensive evaluation of the fiscal sustainability of the organization, and addressed financial policies including cost recovery and equity among payers. Ms. Wescott has addressed statewide gatherings of the Idaho State Fire Commissioners Association; Idaho Association of Highway Districts; the Association of Idaho Cities; and the Idaho City Clerks, Treasurers and Finance Officers Association. These presentations covered topics including Financing Options for Capital Improvements, Paying for Growth, and Fiscal Impact Analysis.

TischlerBise References

Below are summaries of previous projects that highlight our Team's capacity and ability to complete the City's project. We have only listed projects with which our Project Team members were associated.

City of Idaho Falls, Idaho - Capital Improvement Plan and Development Impact Fee Study (2021)

Project Contact: Kent Fugal
E-mail: kfugal@idahofalls.gov

Phone: (208) 612-8258

TischlerBise Staff: Colin McAweeney and Carson Bise

Idaho Falls has seen consistent and increasing growth both in new housing and commercial development. The City's previous fee schedule was not capturing the necessary revenues to keep pace with growth. TischlerBise was retained to update the capital improvement plan and development impact fees to align with current City levels of service and development characteristics. The study included an analysis of parks & recreation, transportation, police, and fire/EMS facilities.

City of Post Falls, Idaho – Capital Improvement Plan and Development Impact Fees (2006, 2011, 2020)

Project Contact: Bill Melvin, City Engineer

Phone: (208) 457-3329

Email: bmelvin@postfallsidaho.org

TischlerBise Staff: Colin McAweeney and Julie Herlands

TischlerBise has worked with the City of Post Falls to develop the City's Capital Improvement Plan and Development Impact Fees since the City's first study in 2006. Most recently, TischlerBise was retained to update the City of Post Falls' impact fee program that includes parks, public safety, and roads. This assignment included modifying the approach taken for residential fees and expanding the nonresidential schedule to align with land uses being built in the City. The parks fee includes two different types of parks, for which current levels-of-service have been maintained over the past ten years, as well as recreation center space. The public safety fee includes space for police facilities as well as communications infrastructure such as wireless towers, and the roads fee is based on a long-range plan of improvements needed to accommodate growth. TischlerBise informed stakeholders on the process and methodologies through the process and made changes in response to feedback from staff, elected officials, and stakeholders.

City of Kellogg, Idaho – Capital Improvement Plan and Development Impact Fees (2003 and 2020)

Project Contact: Rod Plank, Project Manager

Phone: (208) 786-9131

Email: rod.plank@kellogg.id.gov

TischlerBise Staff: Julie Herlands and Colin McAweeney

TischlerBise recently completed a comprehensive update of the Capital Improvement Plan and Development Impact Fee Study we prepared in 2003. This study included parks and recreation, police, and wastewater. A particular challenge associated with this assignment was estimating potential development in the future due to the potential conversion of a large golf course to residential uses. TischlerBise informed stakeholders on the process and methodologies through the process and made changes in response to feedback from staff, elected officials, and stakeholders.

Galena Consulting References

We have provided complete references as requested for the five most relevant and current impact fee clients with which we have updated impact fee studies and capital improvements plans.

Section C: Project Approach

Project Understanding

The City of Middleton seeks to update its development impact fees for Parks/Recreation and Police that meet the requirements of the State of Idaho Impact Fee Act (Idaho State Code § 67-8201, et seq.;), as well as national case law. When preparing the capital improvement plan and recommended development impact fee structure, the TischlerBise/Galena Team will work with City staff to ensure assumptions and methodologies are consistent with recommended City policy directives and strategic objectives. With decades of development impact fee experience across the nation, the TischlerBise/Galena Team has pioneered best practices with a clear trend from generic, cookie-cutter, fee studies to the realization that fees can and should be customized to function as an integral component of the community's strategic plan. Therefore, the TischlerBise/Galena Team will be available to function as a key member of the City's management and leadership team, and will be there for the City long after the engagement is over for no charge assistance on administrative and implementation assistance.

Project Approach

Reduced to its simplest terms, the process of calculating development impact fees involves the following two steps:

- 1. Determine the cost of development-related capital improvements, and
- 2. Allocate those costs equitably to various types of development.

There is, however, a fair degree of latitude granted in constructing the actual fees, as long as the outcome is "proportionate and equitable." Fee construction is both an art and a science, and it is in this convergence that TischlerBise excels in delivering products to clients.

Any one of several legitimate methods may be used to calculate development impact fees for the City. Each method has advantages and disadvantages given a particular situation, and to some extent they are interchangeable because they all allocate facility costs in proportion to the needs created by development. The following paragraphs discuss the three basic methods for calculating impact fees and how those methods can be applied.

Plan-Based Impact Fee Calculation - The plan-based method allocates costs for a specified set of future improvements to a specified amount of development. The improvements are driven by a Facility Master Plan or Capital Improvement Plan. The plan-based method is often the most advantageous approach for facilities that require engineering studies, such as roads and utilities.

Cost Recovery Impact Fee Calculation - The rationale for the cost recovery approach is that new development is paying for its share of the useful life and remaining capacity of facilities from which new growth will benefit. An oversized Public Safety Building is an example.

Incremental Expansion Capital Impact Fee Calculation - The incremental expansion method documents the current level-of-service (LOS) for each type of public facility in both quantitative and qualitative measures, based on an existing service standard such as square feet per capita or park acres per capita. The jurisdiction uses the impact fee revenue to expand or provide additional facilities as needed to accommodate new development.

Market Perspective. We bring a unique perspective to this assignment. First, projecting future residential and nonresidential development is more difficult now than in the past due to changes in the housing market as a result of changing demographics and lifestyle choices. Changes in the retail sector combined with existing surpluses of retail space in many communities are also a concern. TischlerBise's extensive national experience conducting market analysis and real estate feasibility studies is invaluable in determining the appropriate development projections used in the impact fee calculations. Depending on the methodology employed, overly optimistic development projections can increase the City's financial exposure if impact fee revenue is less than expected.

Impact Fee Advisory Committee. The importance of public outreach when considering development impact fees and infrastructure funding options should not be overlooked. Based upon our experience with development impact fees in the State of Idaho, we anticipate that this study may attract controversy. Therefore, it is important to build a coalition of support early in the process to educate and inform the public and other key stakeholders about the purpose and benefits of the study. It is critical to develop a communications strategy that will offset and correct any misinformation that might proliferate and to provide clear and compelling logic for public adoption of an impact fee program. Our seasoned project team has actively participated in legislative body meetings and citizen committees to educate and lead stakeholders regarding the technical process of impact fee calculations as well as the pros and cons of impact fees.

Work Scope

The following scope of work provides detailed steps to ensure this project is completed successfully and meets the legal requirements for impact fees, based the State's enabling legislation, as well as national case law.

TASK 1: PROJECT INITIATION / DATA ACQUISITION

During this task, we will meet with City staff to establish lines of communication, review and discuss project goals and expectations related to the project, review (and revise if necessary) the project schedule, request data and documentation related to new proposed development, and discuss staff's role in the project. The objectives of this initial discussion are outlined below:

- Obtain and review current demographics and other land use information for the City
- Review and refine work plan and schedule
- Assess additional information needs and required staff support
- Identify and collect data and documents relevant to the analysis
- Identify any relevant policy issues

Meetings:

One (1) on-site visit to meet with City project staff as appropriate.

Deliverables:

Data request memorandum (prepared in advance of meeting).

TASK 2: PREPARE LAND USE ASSUMPTIONS AND DEVELOPMENT PROJECTIONS

The purpose of this task is to review and understand the current demographics of the City and determine the likely development future for the City in terms of new population, housing units, employment, and

nonresidential building area over the next 10-20 years. Information from the City, as well other regional/State sources may serve as the basis for preparing projections of residential and nonresidential development for consideration by staff and the Impact Fee Advisory Committee. Our Team will prepare a plan that includes projections of changes in land uses, densities, intensities, and population.

Meetings:

Discussions with the Planning and Zoning Department and other relevant staff will be held as part of Task 1, as well as conference calls as needed.

Deliverables:

The TischlerBise Team will prepare a draft Technical Memorandum discussing the recommended land use factors and projections. After review and sign-off by the City, a final memorandum will be issued, which will become part of the final Impact Fee Report and Capital Improvements Plan.

TASK 3: DETERMINE CAPITAL FACILITY NEEDS AND SERVICE LEVELS

This Task as well as Tasks 4-6 may vary somewhat depending on the methodology applied to a particular impact fee category. The impact fee study for each facility type would be presented in separate chapters in the Impact Fee Report.

Identify Facilities/Costs Eligible for Impact Fee Funding. As an essential part of the nexus analysis, TischlerBise will evaluate the impact of development on the need for additional facilities, by type, and identify costs eligible for impact fee funding. Elements of the analysis include:

- Review facility plans, fixed asset inventories, and other documents establishing the relationship between development and facility needs by type.
- Identify planned facilities, vehicles, equipment, and other capital components eligible for impact fee funding.
- Prepare forecast of relevant capital facility needs.
- Adjust costs as needed to reflect other funding sources.

As part of calculating the fee, the City may include the construction contract price; the cost of acquiring land, improvements, materials, and fixtures; the cost for planning, surveying, and engineering fees for services provided for and directly related to the construction system improvement; and debt service charges, if the City might use impact fees as a revenue stream to pay the principal and interest on bonds, notes or other obligations issued to finance the cost of system improvements. All of these components will be considered in developing an equitable allocation of costs.

Identify Appropriate Level of Service (LOS) Standards. We will review needs analyses and LOS for each facility type. Activities related to this Task include:

- Apply defined service standards to data on future development to identify the impacts of development on facility and other capital needs. This will include discussions with staff of the existing versus adopted LOS, as appropriate.
- Ascertain and evaluate the actual demand factors (measures of impact) that generate the need for each type of facility to be addressed in the study.

- Identify actual existing service levels for each facility type. This is typically expressed in the number
 of demand units served.
- Define service standards to be used in the impact fee analysis.
- Determine appropriate geographic service areas for each fee category.

Meetings:

One (1) meeting with City staff to discuss capital facility needs and levels-of-service.

Deliverables:

Memoranda as appropriate. Results integrated into Draft/Final Impact Fee Report.

TASK 4: EVALUATE DIFFERENT ALLOCATION METHODOLOGIES

The purpose of this Task is to determine the methodology most appropriate for each impact fee category. As noted previously, the three basic methodologies that can be applied in the calculation of impact fees are the plan-based, incremental expansion, and cost-recovery approaches. Selection of the particular methodology for each component of the impact fee category will depend on which is most beneficial for the City. In a number of cases, we will prepare the impact fees for a particular infrastructure category using several methodologies and will discuss the trade-offs with the City. This allows the utilization of a combination of methodologies within one fee category. For instance, a plan-based approach may be appropriate for a new building while an incremental approach may be appropriate for support vehicles and equipment. By testing all possible methodologies, the City is assured that the maximum supportable impact fee will be developed. Policy discussions will then be held at the staff level regarding the trade-offs associated with each allocation method prior to proceeding to the next Task as well as trade-offs regarding implementation as impact fees.

Meetings:

One (1) meeting with the Advisory Committee and relevant City staff to discuss issues related to allocation methodologies and relevant policy issues.

Deliverables:

"Storyboard" presentation on fee options.

TASK 5: PREPARE CAPITAL IMPROVEMENTS PROGRAM (CIP)

This task will reflect an initial CIP for each impact fee category. The CIP will incorporate anticipated new capital facilities due to growth. Also included, as appropriate, will be replacement/retrofit/rehabilitation needs due to existing development. The CIP will represent the best estimates of the consultant team and City staff on the priority, timing, cost, and method of financing.

Deliverables:

See Task 8.

TASK 6: DETERMINE NEED FOR "CREDITS" TO BE APPLIED AGAINST CAPITAL COSTS

There are two types of "credits" that are included in the calculation of impact fees, each with specific, distinct characteristics. The first is a credit due to possible double payment situations. This could occur when a property owner will make future contributions toward the capital costs of a public facility covered by an

impact fee. The second is a credit toward the payment of an impact fee for the required dedication of public sites and improvements provided by the developer and for which the impact fee is imposed. Both types of credits will be considered and addressed in the Impact Fee Study.

Deliverables:

Memoranda as appropriate. See Task 8.

TASK 7: CONDUCT FUNDING AND CASH FLOW ANALYSIS

In order to prepare a meaningful capital funding strategy, it is important to not only understand the gross revenues, but also the capital facility costs and any deficits. In this case, some consideration should be given to anticipated funding sources. This calculation will allow the City to better understand the various revenue sources possible and the amount that would be needed if the impact fees were discounted.

The initial cash flow analysis will indicate whether additional funds might be needed or if the funding strategy might need to be changed to have new growth pay its fair share of new capital facilities. This could also affect the total credits calculated in the previous Task. Therefore, it is likely that several iterations will be conducted to refine the cash flow analysis reflecting the capital improvement needs.

Deliverables:

See Task 8.

TASK 8: PREPARE IMPACT FEE AND CAPITAL IMPROVEMENTS PLAN, PUBLIC PRESENTATIONS

The TischlerBise Team will prepare a draft report for the City's review. The report will summarize the need for all relevant categories of impact fees in the City and the relevant methodologies employed in the calculation. It will also document all assumptions and cost factors. The report will include at a minimum the following information:

- Executive summary
- A detailed description of the methodologies used during the study
- A detailed description of all LOS standards and cost factors used and accompanying rationale
- A Capital Improvements Plan for each impact fee category
- A detailed schedule of all proposed fees listed by land use type and activity
- Other information which adequately explains and justifies the resulting recommended fee schedule
- Cash flow analysis
- Implementation and administration procedures

Following the City's review of the draft report, we will make mutually agreed upon changes to the impact fee report and issues a final version. TischlerBise's report will have flow diagrams clearly indicating the methodology and approach, a series of tables for each fee category showing all the data assumptions and figures, and a narrative explaining all of the data assumptions, sources, and the methodologies. The report will be a stand-alone document clearly understood by all interested parties.

Meetings:

One (1) meeting to present the draft Impact Fee Study and Capital Improvements Plan to the City Council.

Deliverables:

Draft and final Impact Fee Study.

TASK 9: PUBLIC OUTREACH

Impact Fee Advisory Committee. Meetings with various stakeholder groups will allow interested parties, designated by the City, to understand assumptions and raise any questions about the technical data and approach being used in the fee update. The intent is for these discussions to be an opportunity for interested parties to understand the soundness and reasonableness of the technical methodologies, and to a certain extent, the political and/or philosophical use of fees. Based on our experience, we propose two meetings with this group. The first meeting would be an "open house" where members of the Stakeholder Committee, elected and appointed officials can come to learn about impact fees in general, as well as the process going forward and the land use assumptions. Meeting 2 would focus on the presentation of the draft Impact Fee Report.

Meetings:

Two (2) meetings with stakeholders; these are typically timed with trips for meetings with staff and Steering Committee.

Deliverables:

Presentation materials for meetings.

Resources to be Provided by the City

We anticipate that the City's Project Manager will coordinate responses to requests for information, coordinate review of work products, and help resolve policy issues. If there are delays on the part of the City, we will contact the City's Project Manager immediately to get the project schedule back on track. We will keep the City's Project Manager informed of data or feedback we need to keep the project on schedule.

There are two key information requests as part of this process. The first will occur in advance of the Project Initiation Task. The first request will pertain to requesting various background documents such as budgets, planning-related studies, facility plans, etc., that aren't readily available on the City's website. The second request will occur before Task 3 (Determine Capital Facility Needs and Service Levels. This request will outline the topics of discussion and likely data needs from the various departments for development of the impact fees. Both of these requests will be made well in advance of our onsite meetings (typically two to three weeks). There are likely to be additional data needs that will arise based on meetings and conversations with City staff as part of Task 3 and 4. In these cases, information requests will be made in writing, through the City's Project Manager, with a time frame needed.

In terms of time needed from City staff, it is important to note that we typically do not request information that doesn't already exist. A good rule of thumb is that the time needed for meetings and compiling of data by individual departments is about 6 to 8 hours for the *entire* study. This includes review of work products. The Project Manager is likely to devote more time than that.

Specific items/services expected to be provided by the City includes:

 Provide relevant documents not found on City website. This may include budgets, financial plans, existing debt service schedules, facility master plans, etc.

- Current demographics information, including estimate of population, housing units by type, employment and nonresidential square footage by type (e.g., retail, office and industrial). We have other ways to obtain if the City is not tracking any of these items.
- Participation by departmental staff in two to three one-hour interviews with consulting team.
- Road inventories
- Facility inventories, including acreage and square footage
- Reviewing draft work products.
- Assist with scheduling of meetings.
- Participate in conference calls.
- Participation in Stakeholder Meetings (number of staff at the City's discretion).

Section D: Project Schedule

The table below outlines our project schedule, meetings, and deliverables for this assignment, assuming a March project start date. We will devote the necessary resources to complete the City's assignment in this time frame.

PROJECT SCHEDULE FOR MIDDLETON, IDAHO					
Tasks	Anticipated Dates	Meetings*	Meetings/Deliverables		
Task 1: Project Initiation/Data Acquisition	March, 2022	1	Data Request Memorandum		
Task 2: Develop Land Use Assumptions and Development Projections	March - April, 2022	1	Technical Memorandum Outlining Recommended Land Use Assumptions		
Task 3: Determine Capital Facility Needs and Service Levels	March - April, 2022	2	Memoranda as Appropriate		
Task 4: Evaluate Different Allocation Methodologies	May, 2022	0	Memoranda as Appropriate		
Task 5: Prepare Capital Improvements Program (CIP) Chapter	May, 2022	1	"Storyboard" Presentation on Fee Options		
Task 6: Determine Need for and Calculate Credits	May, 2022	0	Draft Capital Improvement Plan		
Task 7: Conduct Funding Source and Cashflow Analysis	May, 2022	0	Memoranda as Appropriate		
Task 8: Prepare Draft/Final DIF and CIP Report	May - June, 2022	1	Draft/Final Development Impact Fee and Capital Improvement Program Report		
Task 9: Meetings with Development Impact Fee Advisory Committee	April - May, 2022	2	Draft DIF and CIP Report. Presentation materials as appropriate.		

^{*}In several cases it is assumed meetings are held with multiple departments as part of one (1) meeting

Project Management Approach

TischlerBise utilizes a project management process which ensures our projects are completed on time and within budget, and, most importantly, they yield results that match our clients' expectations. Our project implementation plan employs the following principles to mitigate potential risk and result in successful projects:

- First, we begin by <u>defining</u> the project to be completed. Based on discussions that occur as
 part of our Project Initiation task, Carson Bise will identify the final project goals and objectives in
 collaboration with City staff, list potential challenges to the process, and develop a plan to ensure
 successful outcomes and effective communication.
- Second, we will <u>plan</u> the project schedule. As part of the Project Initiation task, Mr. Bise and Ms.
 Wescott will work with City staff to create an agreed-upon timetable to meet the project schedule.
 Prior to beginning the project, Mr. Bise will assign roles that will ensure that the project schedule is met on time and within budget.
- Third, we will actively manage the project process. Mr. Bise, Ms. Wescott, and Mr. McAweeney
 all have a long history of strong project management skills that are supported by past project

- successes (we encourage you to contact our references in this regard). Mr. Bise will manage the work in progress, provide guidance and oversight to staff, and be accountable to the City for meeting the schedule, budget, and technical requirements of the project.
- Finally, we will review all project deliverables and communication through a formal quality assurance process that requires review at the peer level, project manager level, and executive officer level. Prior to the delivery of work product to the City, deliverables will go through a structured quality assurance process involving several levels of review and utilizing a formal checklist tool. The first level involves a peer-to-peer review of work products and computer models. Next, Mr. Bise will be responsible for a second set of reviews comparing the work product to the completed quality checklist form.

Section E: Fee Schedule

The table below summarizes our estimated consultant costs for the tasks reflected in our proposed scope of work. This proposal is fixed fee and includes all project expenses. We have estimated these expenses based on past project experience and do not expect the City to reimburse us for any costs we incur above these estimates. TischlerBise typically invoices on a monthly basis, based on the percentage complete for each task.

RESOLUTION 466-22

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF MIDDLETON, IDAHO, DECLARING CERTAIN BUSINESS PERSONAL PROPERTY AS OBSOLETE OR SURPLUS, AUTHORIZING AND DIRECTING SALE OR DISPOSAL OF SURPLUS PROPERTY.

RECITALS

WHEREAS, the City of Middleton, Idaho (the "City") has acquired certain business personal property to conduct a municipality in the public interest according to state law; and

WHEREAS, items of the City's business personal property listed on the attached Exhibit A have become worn out, obsolete or are no longer needed by the City; and

WHEREAS, it is cumbersome to the City and wasteful to own and not use the items; and

WHEREAS, the items are surplus and the City desires to dispose of them.

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF MIDDLETON, CANYON COUNTY, IDAHO, as follows:

<u>Section 1</u>: The recitals are incorporated here as if restated in full.

<u>Section 2</u>: The items of business personal property on the attached Exhibit A are surplus with approximate fair-market values stated.

<u>Section 3</u>: The City Administrator is authorized and directed to sell the surplus property for approximate fair market value or, if unable to sell an item, donate it to a non-profit organization or otherwise dispose it.

CITY OF MIDDLETON

<u>Section 4</u>: This Resolution shall be effective as of the date of its adoption.

PASSED BY COUNCIL, CITY OF MIDDLETON, IDAHO this 6th day of April, 2022

SUBJECT: Surplus of City Property

Propane Tanks at Cornell and Middleton Place Park

Staff is requesting Council approval to surplus the propane tanks owned by the City currently located at Middleton Place Park and at the west end of Cornell Street.

Staff has assigned an estimated value for each tank and filling station of \$12,500 apiece (\$25,000 for the facilities at both sites).

SCOPE OF WORK City of Middleton, Sludge Seepage Test March 8, 2022

Project Name: 2022 Middleton Wastewater Treatment Plant Seepage Test

Consultant Company Address: T-O Engineers, 332 Broadmore Way, Nampa, Idaho 83687 Consultant Project Manager/Contact Information: Kasey Ketterling, PE, 208-442-6300

Contract Amount: \$ 10,000(Lump Sum)

Duration: March 2022 – June 2022

Project Understanding

The City of Middleton has requested a seepage test for the sludge holding pond at the wastewater treatment plant. The sludge pond is regularly discharged to from the SBR. In order to conduct the seepage test, the lagoon will need to be isolated. T-O Engineers will assist in determining how long the SBR can run without discharge. The seepage test will follow Idaho Department of Environmental Quality (IDEQ) and Idaho Administrative Act Code (IDAPA) standards. The seepage test will require a procedure report, physical testing with an evaporation pan as a control, and a findings report submitted to IDEQ.

This scope assumes Middleton staff will assist in the testing by taking daily pictures for the duration of the physical testing.

General Assumptions:

- A. Middleton staff will assist in gathering data for the test including daily observations and picture taking.
- B. As-built information of the lagoon will be provided.
- C. Lagoon will be isolated for the duration of the test.
- D. Lagoons will be filled to operating capacity. Valves for lagoons are in good working order and operated by the lagoon owner. All means of isolating the lagoon(s) such as working valves, operating pumps, etc., is the responsibility of the lagoon owner.
- E. Fresh water is provided at lagoon site for filling evaporation pan and washing equipment.
- F. Ground water monitoring is to be monitored by lagoon owner or representative.
- G. CONSULTANT does not guarantee results of the seepage test will be passing. Additional scope will be added if additional testing is requested by the client.
- H. This scope does not include unanticipated events that may result in an additional test setup; including but not limited to extreme weather, precipitation, high winds, frost, errors due to personnel intervention, or vandalism. If such events occur additional scope and fee will be required.

Scope of Work Services:

1. SEEPAGE TEST

- 1.1. Procedure Report CONSULTANT will provide approving agencies and Middleton with a procedure report prior to beginning the test. IDEQ will need to approve the report prior to commencing physical testing. Report will be based upon the minimum requirements established in IDAPA 58.01.16.
- 1.2. Analysis of SBR CONSULTANT will work with staff and analyze the SBR to give a recommendation for how long the SBR can run without discharging sludge to the lagoon.
- 1.3. Testing CONSULTANT will perform a seepage test of the sludge lagoon in accordance with minimum DEQ standards established in IDAPA 58.01.16. A minimum of 5 (five) days of data is required for quality data. Only 1 (one) setup is included in this scope. T-O Engineers will visit the site 2 (two) times to observe testing. Scope assumes that on-site personnel will protect the testing equipment from tampering, provide daily observations with an accompanying photograph, and be available as needed to discuss the test with T-O Engineers. Scope assumes fresh water is provided at lagoon site for filling evaporation pan and washing equipment.
- 1.4. Final Report CONSULTANT will create a final report for the results of the seepage test and submit it to the City for review. Once comments are addressed T-O will submit the results report to IDEQ. One review with final comments by the City and one review by IDEQ is included in this scope.

Project Schedule

This schedule is assuming favorable weather at the time of testing and procedure report approval from IDEQ. Rain, freezing temperatures, or excessive wind will extend the setups until adequate data is gathered. Retesting due to weather or factors out of the control of T-O Engineers will extend the schedule and may be billed as an additional service on a Time and Materials Basis.

Procedure Report 3 weeks after bid award

Seepage test 2 weeks
DEQ Review* 2 weeks
Final Report 3 weeks

Cost of Services:

Services will be billed on a Lump Sum basis in accordance with the following estimate.

1.0 Seepage Test

1.1 Procedure Report	\$ 1,500.00
1.2 SBR Analysis	\$ 1,000.00
1.3 Testing	\$ 5,500.00
1.4 Final Report	\$ 2,000.00

Total: \$ 10,000.00

Services for additional testing or unanticipated test setup will be billed on a Time and Material Basis with prior approval from owner.

^{*} Assumed timeline based upon IDEQ review & approval

EXHIBIT "L"

Idaho disasters such as the 1983 Challis earthquake and the 1976 Teton Dam flood, along with events such as 9/11 and Hurricane Katrina, have highlighted the need for water and wastewater utilities to create intrastate mutual aid and assistance programs. Mutual aid programs are critical to utility systems for many reasons:

- ⇒ Utilities require specialized resources to sustain operations during disasters.
- ⇒ Government response agencies and critical infrastructure rely on water supplies.
- ⇒ Utilities must provide their own support until state and federal resources become available.
- ⇒ Large events impact regional areas, making assistance from nearby utilities impractical.
- ⇒ Disasters impact utility employees and their families, as well as customers.
- ⇒ Agreements must be established before disasters occur to be eligible for federal reimbursement.
- ⇒ Promotion of mutual aid and assistance meets Office of Energy Management requirements.

Idaho

Water/Wastewater

Agency

Response

Network

IdWARN Network Mission

To promote statewide emergency preparedness, disaster response, and mutual assistance for public and private water/wastewater utilities.

"An ounce of prevention is worth a pound of cure." - Benjamin Franklin

Why Should My Agency Join IdWARN?

- ⇒ A single agreement provides access to all member utilities statewide.
- ⇒ Access to specialized resources is enhanced.
- ⇒ Increased planning and coordination become available.
- \Rightarrow Arrival of aid is expedited.
- ⇒ IdWARN is consistent with the National Incident Management System (NIMS).
- ⇒ Administrative conflict is reduced.
- ⇒ An agreement is provided containing indemnification and workers' compensation provisions to protect participating utilities. Provisions for cost reimbursement are also included.
- ⇒ A list of emergency contacts and available resources is provided.
- ⇒ Response to any incident is voluntary.
- ⇒ Probability of quick recovery increases.

How IdWARN Helps Idaho Utilities

The *Utilities Helping Utilities* concept gives water/wastewater utilities the opportunity to be more resilient during disaster response and recovery.

Because disasters transcend political jurisdictional boundaries, multi-utility coordination is crucial to protect lives and property and to facilitate the efficient use of available assets, both public and private.

IdWARN is designed to provide quick and professional assistance in any situation that overwhelms the capabilities of a water/ wastewater utility.

No formal declaration of emergency is needed, and assistance can take the form of personnel, equipment, materials, or services.

A member utility may request deployment of emergency support to restore critical operations at the affected water/ wastewater utility.

Member agencies are never obligated to respond.

MUTUAL AID AND ASSISTANCE AGREEMENT FOR HO INTRASTATE WATER/WASTEWATER AGENCY RESPO

THE IDAHO INTRASTATE WATER/WASTEWATER AGENCY RESPONSE NETWORK (IdWARN)

This Mutual Aid and Assistance Agreement for the Idaho Intrastate Water/Wastewater Agency Response Network (henceforth referred to as "IdWARN") is made and entered into by public and private water and wastewater utilities and other interested parties that have, by executing this Agreement, manifested their intent to participate in the Idaho WARN.

RECITALS

- A. Idaho Code section 67-2332 [previously 67-2335] authorizes one or more public agencies to contract to perform any governmental service, activity or undertaking which each public agency entering into the contract is authorized by law to perform.
- B. Insuring that water and wastewater systems provide and maintain water and wastewater services that promote the safety, health, comfort and convenience of the residents and visitors of Idaho communities is a fundamental function of government.
- C. Utilities in Idaho have a duty to provide and maintain their service to promote the safety, health, comfort and convenience of patrons, employees, and the public.
- D. The private and public entities executing this Agreement receive a reciprocal benefit by establishing processes to provide and receive assistance in advance of an emergency.

AGREEMENT

NOW, THEREFORE, in consideration of the covenants and obligations set forth in this Agreement, and the recitals set forth above, which are incorporated herein as if set forth in full, the parties agree as follows.

ARTICLE I. PURPOSE

Recognizing that emergencies may require aid or assistance in the form of personnel, equipment, and supplies from outside the area of impact, the signatory utilities hereby establish this Program. Through the IdWARN program, Members coordinate response activities and share resources during emergencies. This Agreement sets forth the procedures and standards for the administration of IdWARN for participating members.

ARTICLE II. DEFINITIONS

- A. <u>Authorized Official</u>: An employee or officer of an IdWARN member that is authorized to:
 - 1. Request assistance;
 - 2. Offer assistance;
 - 3. Refuse to offer assistance; or.
 - 4. Withdraw assistance under this Agreement.
- B. <u>Emergency</u>: A natural or human caused event or circumstance causing, or imminently threatening to cause, loss of life, injury to person or property, human suffering or financial loss, and includes, but is not limited to, fire, explosion, flood, severe weather, drought, earthquake, volcanic activity, spills or releases of oil or hazardous material, contamination, utility or transportation emergencies, disease, blight, infestation, civil disturbance, riot, international acts, sabotage and war that is, or could reasonably be beyond the capability of the services, personnel, equipment and facilities of a IdWARN member to fully manage and mitigate internally.

C. Members:

- 1. <u>Member</u>. Any public or private water or wastewater utility that manifests intent to participate in the IdWARN program by executing this Agreement.
- 2. <u>Associate Member</u>: Any non-utility participant approved by the Statewide Committee that provides a support role for the Program is a member of the Statewide Committee established under Article III, and that has executed this Agreement as an Associate Member.
- 3. <u>Requesting Member</u>: A Member who requests aid or assistance through the IdWARN program.
- 4. <u>Responding Member</u>: A Member who offers aid or assistance under the IdWARN program.
- 5. <u>Non-responding Member</u>: A Member or Associate Member that does not provide aid or assistance during a Period of Assistance under the IdWARN program.
- D. <u>Confidential Information</u>: Any document shared with any signatory of this Agreement that is marked confidential, including but not limited to any map, report, notes, papers, opinion, or e-mail which relates to the system vulnerabilities of a Member or Associate Member.
- E. <u>Period of Assistance</u>: A specified period of time when a Responding Member assists a Requesting Member. The period commences when personnel, equipment, or supplies depart from Responding Member's facility and ends when the personnel, equipment, or supplies return to such facility (portal to portal). All protections identified in the Agreement apply during this

period. The Period of Assistance may occur during response to or recovery from an Emergency.

- F. <u>Program</u>. The interstate program for mutual aid and assistance established by this Agreement, also referred to as IdWARN.
- G. <u>National Incident Management System (NIMS)</u>: A national, standardized approach to incident management and response that sets forth uniform processes and procedures for emergency response operations.

ARTICLE III. ADMINISTRATION

This Program shall be administered through a Statewide Committee. The Statewide Committee, under the leadership of an elected chairperson, shall meet at least annually to address Program issues. The Statewide Committee shall also meet at least annually to review emergency preparedness and response procedures. The Statewide Committee shall represent the interests of the Members and Associate Members. In addition, the Statewide Committee includes representatives from the following:

United States Environmental Protection Agency (USEPA); American Water Works Association (AWWA); Federal Bureau of Investigation (FBI); Idaho Department of Environmental Quality (IDEQ); Idaho Air National Guard; Bureau of Homeland Security (BHS); Idaho Rural Water Association (IRWA); Idaho Emergency Management Association (IEMA).

Under the leadership of the chairperson, the Statewide Committee members shall plan and coordinate emergency planning and response activities for IdWARN. At its first meeting, the Statewide Committee shall establish initial membership of the committee and procedures for administration of the Statewide Committee, including meeting procedures and voting procedures.

ARTICLE IV. PROCEDURES

In coordination with the standards set forth by the Idaho Office of Emergency Management, the Statewide Committee shall develop operational and planning procedures for the implementation of the IdWARN program. The procedures shall be reviewed at least annually and updated as needed by the Statewide Committee.

ARTICLE V. REQUESTS FOR ASSISTANCE

A. <u>Member Responsibility</u>. Members shall identify an Authorized Official and alternates; provide contact information including twenty-four hour access; and, maintain resource information that may be available from the Member for mutual aid and assistance response. Member contact information shall be updated annually, or when changes occur, and provided to the Statewide Committee.

MUTUAL AID AND ASSISTANCE AGREEMENT FOR THE IDAHO INTRASTATE WATER/WASTEWATER AGENCY RESPONSE NETWORK - 3 170203

In the event of an Emergency, a Member's Authorized Official may request mutual aid and assistance from a participating Member. Requests for assistance can be made orally or in writing. When made orally, the request for personnel, equipment or supplies shall be prepared in writing as soon as practicable. Requests for assistance shall be directed to the Authorized Official of the participating Member. Specific protocols for requesting aid shall be provided in the procedures prepared under Article IV.

- B. Response to a Request for Assistance. Members are not obligated to respond to a request. After a Member receives a request for assistance, the Authorized Official will evaluate whether or not to respond, whether resources are available to respond, or if other circumstances would hinder response. Following the evaluation, the Authorized Official shall inform, as soon as possible, the Requesting Member whether it will respond. If the Member is willing and able to provide assistance, the Member shall inform the Requesting Member about the type of available resources and the approximate arrival time of such assistance.
- C. <u>Discretion of Responding Member's Authorized Official</u>. Execution of this Agreement does not create any duty to respond to a request for assistance. When a Member receives a request for assistance, the Authorized Official shall have sole and absolute discretion as to whether or not to respond, or the availability of resources to be used in such response. An Authorized Official's decisions on the availability of resources shall be final.

ARTICLE VI. RESPONDING MEMBER PERSONNEL

- A. <u>National Incident Management System</u>. When providing assistance under this Agreement, the Requesting Member and the Responding Member shall be organized and shall function under the National Incident Management System.
- B. <u>Control</u>. While employees so provided may be under the supervision of the Responding Member, the Responding Member's employees come under the direction and control of the Requesting Member, consistent with the NIMS Incident Command System response protocol to address the needs identified by the Requesting Member. The Requesting Member's Authorized Official shall coordinate response activities with the designated supervisor(s) of the Responding Member(s). The Responding Member's designated supervisor(s) must keep accurate records of work performed by personnel during the specified Period of Assistance.
- C. <u>Food and Shelter</u>. Whenever practical, Responding Member personnel must be self sufficient for up to seventy-two (72) hours. When possible, the Requesting Member shall supply reasonable food and shelter for Responding Member personnel. If the Requesting Member is unable to provide food and shelter for Responding Member personnel, the Responding Member's designated supervisor is authorized to secure the resources necessary to meet the needs of its personnel. Except as provided below, the cost for such resources must not exceed

the per diem reimbursement rates published by the State of Idaho Board of Examiners for the applicable period and location. To the extent food and shelter costs exceed Board of Examiners' per diem rates, the Responding Member must demonstrate that the additional costs were reasonable and necessary under the circumstances. Unless otherwise agreed to in writing, the Requesting Member remains responsible for reimbursing the Responding Member for all reasonable and necessary costs associated with providing food and shelter, if such resources are not provided by the Requesting Member.

- D. <u>Communication</u>. The Requesting Member shall provide Responding Member personnel with radio equipment as available, or radio frequency information to program existing radios, in order to facilitate communications with local responders and Member personnel.
- E. <u>Status</u>. Unless otherwise provided by law, the Responding Member's officers and employees retain the same privileges, immunities, rights, duties and benefits provided in their respective jurisdictions.
- F. <u>Licenses and Permits</u>. To the extent permitted by law, Responding Member personnel that hold licenses, certificates, or permits evidencing professional, mechanical, or other skills shall be allowed to carry out activities and tasks relevant and related to their respective credentials during the specified Period of Assistance.
- G. <u>Right to Withdraw</u>. The Responding Member's Authorized Official retains the right to withdraw some or all of its resources at any time for any reason at the Responding Member's sole and absolute discretion. Notice of intention to withdraw must be communicated to the Requesting Member's Authorized Official as soon as is practical under the circumstances.

ARTICLE VII. COST REIMBURSEMENT

The Requesting Member shall reimburse the Responding Member for each of the following categories of costs incurred during the specified Period of Assistance as agreed in whole or in part by both parties, provided that any Responding Member may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the Requesting Member without charge or cost when permitted by law to make such donation.

A. <u>Personnel</u>. The Responding Member shall be reimbursed by the Requesting Member for personnel costs incurred for work performed during the specified Period of Assistance. Responding Member personnel costs shall be calculated according to the terms provided in their employment contracts or other conditions of employment. The Responding Member's designated supervisor(s) must keep accurate records of work performed by personnel during the specified Period of Assistance. Requesting Member reimbursement to the Responding Member should consider all personnel costs, including salaries or hourly wages, costs for fringe benefits, and indirect costs.

- B. Equipment. The Requesting Member shall reimburse the Responding Member for the use of equipment during the specified Period of Assistance, including, but not limited to, reasonable rental rates, all fuel, lubrication, maintenance, transportation, and loading and unloading of loaned equipment. All equipment shall be returned to the Responding Member in good working order as soon as is practicable and reasonable under the circumstances. As a minimum, rates for equipment use must be based on the Federal Emergency Management Agency's (FEMA) Schedule of Equipment Rates. If a Responding Member uses rates different from those in the FEMA Schedule of Equipment Rates, the Responding Member must provide such rates orally or in writing to the Requesting Member prior to supplying the equipment. Mutual agreement on which rates are used must be reached in writing prior to dispatch of the equipment. Reimbursement for equipment not referenced on the FEMA Schedule of Equipment Rates must be developed based on actual recovery of costs. If Responding Member must lease a piece of equipment while its equipment is being repaired, Requesting Member shall reimburse Responding Member for such rental costs.
- C. <u>Materials and Supplies</u>. The Requesting Member must reimburse the Responding Member in kind or at actual replacement cost, plus handling charges, for use of expendable or non-returnable supplies. The Responding Member must not charge direct fees or rental charges to the Requesting Member for other supplies and reusable items that are returned to the Responding Member in a clean, damage-free condition. Reusable supplies that are returned to the Responding Member with damage must be treated as expendable supplies for purposes of cost reimbursement.
- D. <u>Payment Period</u>. The Responding Member must provide an itemized bill to the Requesting Member for all expenses incurred by the Responding Member while providing assistance under this Agreement. The Requesting Member must send the itemized bill no later than ninety (90) days following the end of the Period of Assistance. The Responding Member may request additional periods of time within which to submit the itemized bill, and Requesting Member shall not unreasonably withhold consent to such request. The Requesting Member must pay the bill in full on or before the forty-fifth (45th) day following the billing date. The Requesting Member may request additional periods of time within which to pay the itemized bill, and Responding Member shall not unreasonably withhold consent to such request, provided, however, that all payment shall occur not later than one (1) year after the date a final itemized bill is submitted to the Requesting Member.
- E. <u>Records</u>. Unless prohibited by law, each Responding Member and their duly authorized representatives shall have access to a Requesting Member's books, documents, notes, reports, papers and records which are directly pertinent to this Agreement for the purposes of reviewing the accuracy of a bill or making a financial, maintenance or regulatory audit. Such records shall be maintained for at least three (3) years or longer where required by law.

ARTICLE VIII. <u>DISPUTES</u>

If any controversy or claim arises out of or relates to the execution of this Agreement, including but not limited to an alleged breach of this Agreement, the disputing Members shall first attempt to resolve the dispute by negotiation.

If negotiation between the involved Members does not result in the issue being resolved, the Statewide Committee will assist in the negotiation process.

ARTICLE IX. REQUESTING MEMBER'S DUTY TO INDEMNIFY

Members who are public entities shall be subject to Article IX only to the extent permitted by law. Specifically, the duty of a public entity to defend, indemnify or hold harmless any party shall not be extended beyond the appropriation of expenditures for such duty as required by law, including Idaho Code section 59-1015 and Article VIII, Section 4 of the Idaho Constitution. Further, the liability of a public entity shall not be increased by this Article beyond the extent required by the Idaho Tort Claims Act, Idaho Code Title 6 Chapter 9.

The Requesting Member who is not a public entity shall assume, to the extent allowed by the Idaho Public Utilities Commission, the defense of, and fully indemnify and hold harmless the Responding Member, its officers and employees, from all claims, loss, damage, injury and liability of every kind, nature and description, directly or indirectly arising from Responding Member's work during a specified Period of Assistance. The scope of the Requesting Member's duty to indemnify includes, but is not limited to, suits arising from, or related to negligent or wrongful use of equipment or supplies on loan to the Requesting Member, or faulty workmanship or other negligent acts, errors or omissions by Requesting Member or the Responding Member personnel.

The Requesting Member's duty to indemnify is subject to, and shall be complied consistently with, the conditions set forth in Article X.

ARTICLE X. SIGNATORY INDEMNIFICATION

In the event of liability, claim, demand, action, or proceeding of whatever kind or nature arising out of a specified Period of Assistance, the Members who are not public entities and either receive and provide assistance shall, to the extent allowed by the Idaho Public Utilities Commission, have a duty to defend, indemnify, save and hold harmless all Non-responding Members.

ARTICLE XI. WORKER'S COMPENSATION CLAIMS

The Responding Member is responsible for providing worker's compensation benefits and administering worker's compensation for its employees.

ARTICLE XII. NOTICE

A party who becomes aware of a claim or suit that in any way, directly or indirectly, contingently or otherwise, affects or might affect other Members or Associate Members of this Agreement shall provide prompt and timely notice to the Members or Associate Members who may be affected by the suit or claim. Each Member and Associate Member reserves the right to participate in the defense of such claims or suits as necessary to protect its own interests.

ARTICLE XIII. INSURANCE

Members of this Agreement shall maintain an insurance policy or maintain a self insurance program that covers activities that it may undertake by virtue of membership in the IdWARN program.

ARTICLE XIV. CONFIDENTIAL INFORMATION

To the extent authorized by law, including the Idaho Public Records Laws, Idaho Code title 74, Chapter 1 [previously sections 9-337 through 9-350], any Member or Associate Member shall maintain the strictest confidence and shall take all reasonable steps necessary to prevent the disclosure of any Confidential Information disclosed under this Agreement. If any Member, Associate Member, third party or other entity request or demands, by subpoena or otherwise, that a Member or Associate Member disclose any Confidential Information disclosed under this Agreement, the Member or Associate Member shall immediately notify the owner of the Confidential Information and shall take all reasonable steps necessary to prevent the disclosure of any Confidential Information by asserting all applicable rights and privileges with respect to such information and shall cooperate fully in any judicial or administrative proceeding relating thereto.

ARTICLE XV. EFFECTIVE DATE

This Agreement and the Statewide Committee receives and approves the admission of the applicant. The Statewide Committee chair shall maintain a master list of all Members and Associate Members of the IdWARN program.

ARTICLE XVI. WITHDRAWAL

A Member or Associate Member may withdraw from this Agreement by providing written notice of its intent to withdraw to the Statewide Committee chair. Withdrawal takes effect sixty (60) days after the Statewide Committee chair receives notice. Withdrawal from this Agreement shall in no way affect a Requesting Member's duty to reimburse a Responding Member for cost incurred during a Period of Assistance, which duty shall survive such withdrawal.

ARTICLE XVII. MODIFICATION

No provision of this Agreement may be modified, altered or rescinded by individual parties of this Agreement. Modifications to this Agreement may be due to programmatic operational changes to support the Agreement, legislative action, creation of an interstate aid and assistance agreement, or other developments. Modifications require a simple majority vote of the Members. The Statewide Committee chair must provide written notice to all Members and Associate Members of approved modifications to this Agreement. Approved modifications take effect sixty (60) days after the date upon which notice is sent to the Members and Associate Members.

ARTICLE XVIII. SEVERABILITY

The parties agree that if any term or provision of this Agreement is declared by a court of competent jurisdiction to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced if the Agreement did not contain the particular term or provision held to be invalid.

ARTICLE XIX. PRIOR AGREEMENTS

This Agreement supersedes all prior Agreements between Members to the extent that such prior Agreements are inconsistent with this Agreement.

ARTICLE XX. MISCELLANEOUS

- A. <u>No Third Party Beneficiaries</u>. This Agreement is for the sole benefit of the Members and no person or entity has any rights under this Agreement as a third party beneficiary.
- B. <u>Assignment Prohibited</u>. No party may assign benefits or delegate duties created by this Agreement and such assignments and delegations are without effect.

MUTUAL AID AND ASSISTANCE AGREEMENT FOR THE IDAHO INTRASTATE WATER/WASTEWATER AGENCY RESPONSE NETWORK – 9 170203

C. <u>No Authority to Bind Other Parties or Partnership</u>. Neither the IdWARN Program nor any party has the authority to enter into contracts or agreements on behalf of one or more parties to this Agreement. This Agreement does not create a partnership between the parties and nothing contained herein shall be interpreted to create an employer-employee, master-servant, a joint venture, or principal-agent relationship between any party in any respect.

ARTICLE XII. <u>INTRASTATE AND INTERSTATE</u> MUTUAL AID AND ASSISTANCE PROGRAMS

To the extent practicable, Members of this Agreement shall participate in mutual aid and assistance activities conducted under the IdWARN Program and the Interstate Emergency Management Assistance Compact (EMAC). Members may voluntarily agree to participate in an interstate mutual aid and assistance program for water and wastewater utilities through this Agreement if such a program were established.

IN WITNESS WHEREOF, the Members and Associate Members executing a signature page attached hereto have entered into this Agreement effective as set forth in Article XV above. This Agreement may be executed in counterparts by the execution of signature pages. Each such counterpart shall be deemed as an original, all of which together with the terms herein shall be considered one and the same Agreement.
