#### Independent Auditor's Report

Honorable Mayor and City Council City of Middleton, Idaho

#### **Report on the Financial Statements**

#### Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the remaining fund information of the City of Middleton, Idaho (the City), as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the remaining fund information of the City of Middleton, Idaho, as of September 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We are required to be independent of the City of Middleton and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

The City of Middleton's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Middleton's ability to continue as a going concern from one year after the date that the financial statements are issued.

#### Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Middleton's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Middleton's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the budgetary comparison information, schedule of the City's proportionate share of the net pension liability, and schedule of City contributions on pages 34 through 38 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Middleton, Idaho's basic financial statements. The schedules of revenues by source and expenditures by object are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules of revenues by source and expenditures by object are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of revenues by source and expenditures by object are fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 9, 2023, on our consideration of the City of Middleton, Idaho's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Middleton, Idaho's internal control over financial reporting.

Zwyzart John & Associates, CPAs, PLLC

#### Reconciliation of the Balance Sheet of the Governmental Funds to the Statement of Net Position September 30, 2022

Total Fund Balances - Governmental Funds	\$ 11,076,812						
Amounts reported for governmental activities in the Statement of Net Position are different because of the following:							
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in governmental funds. Those assets consist of:							
Land and Construction in Progress\$ 3,032,329Buildings and Improvements, Net of \$3,868,897 Accum. Depr.7,296,882Equipment, Net of \$1,483,784 Accumulated Depreciation404,345	- 10,733,556						
Property taxes receivable will be collected this year, but are not available soon enough to pay for current period expenditures and, therefore, are deferred in the funds.	44,459						
Long-term liabilities, including compensated absences, are not due and payable in the current period and, therefore, are not reported as liabilities in the funds. Long-term liabilities at year end consist of:							
Compensated Absences\$ (19,213)Accrued Interest(2,755)Municipal Lease(67,904)	)						
The City participates in the Public Employer Retirement System of Idaho, which is a cost- sharing plan. As a participant they are required to report their share of the Net Pension Liability and the related deferred inflows and outflows on their Statement of Net Position.							
Net Pension Liability\$ (1,285,385)Pension Related Deferred Inflows(5,737)Pension Related Deferred Outflows689,508							
Net Position of Governmental Activities	\$ 21,163,341

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of the Governmental Funds to the Statement of Activities For the Year Ended September 30, 2022

Total Net Change in Fund Balance - Governmental Funds	\$ 3,494,983
Amounts reported for governmental activities in the Statement of Activities are different because of the following:	
Capital outlays are reported in governmental funds as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their useful lives as depreciation expense. In the current period these amounts are:	
Capital Outlay\$ 1,057,540Depreciation(571,998)	485,542
Because some property taxes will not be collected for several months after the City's fiscal year ends, they are not considered as "available" revenues in the governmental funds and are, instead, counted as deferred tax revenues. They are, however, recorded as revenues in the Statement of Activities.	
	9,495
The repayment of the principal of a municipal lease consumes the current financial resources of governmental funds. The repayment of the principal, however, has no effect on Net Position.	62,295
Compensated absences reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This amount represents the net change in compensated absences.	10,001
Accrued interest on long-term debt reported in the Statement of Activities does not require the use of current financial resources and, therefore, is not reported as an expenditure in governmental funds. This amount represents the net change in accrued interest.	2,613
The City participates in the Public Employer Retirement System of Idaho, which is a cost-sharing plan. As a participant they are required to report their share of the Net Pension Liability and the related deferred inflows and outflows on their Statement of net Position. The changes in the Net Pension Liability and the related deferred inflows and outflows does not affect the governmental funds, but are reported in the Statement of Activities.	
	 (183,223)
Change in Net Position of Governmental Activities	\$ 3,881,706
The accompanying notes are an integral	

part of the financial statements.

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Reporting Entity

The accompanying financial statements present the activities of the City of Middleton, Idaho (the City), which has responsibility and control over all activities related to public safety, planning and zoning, parks, roads and streets, water, and sewer services within the City. The City receives funding from local, state, and federal government sources and must comply with all of the requirements of these funding source entities. However, the City is not included in any other governmental reporting entity as defined by generally accepted accounting principles. Council members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and the primary accountability for fiscal matters.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. The component unit column in the government-wide statements is the financial data of the Middleton Urban Renewal Agency (the Agency). The Agency is a separate and distinct legal entity created by State statute. The directors are appointed by the Mayor and approved by the City Council. The Agency provides urban development services for the citizens of the City. Complete financial statements can be obtained from the City of Middleton.

#### B. Basis of Presentation, Basis of Accounting

#### Basis of Presentation

*Government-wide Statements:* The Statement of Net Position and the Statement of Activities display information about the financial activities of the City. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function of the City's governmental activities.

• Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

- Indirect expenses expenses of the general government related to the administration and support of the City's programs, such as personnel and accounting (but not interest on long-term debt)—are allocated to programs based on their percentage of total primary government expenses. Interest expenses are allocated to the programs that manage the capital assets financed with long-term debt.
- Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes and state formula aid, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the City's funds. Separate statements for each fund category—*governmental and proprietary*—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. Any remaining governmental and enterprise funds would be aggregated and reported as nonmajor funds.

The City reports the following major governmental funds:

- *General fund.* This is the City's primary operating fund. It accounts for all financial resources of the City, except those required to be accounted for in another fund.
- *Streets & Alleys fund.* This fund accounts for the activities related to the City's roads and streets.
- Impact fees. This fund accounts for the activities related to impact fees.

Proprietary fund operating revenues and expenses are related to providing sanitation, water, and sewer services to the residents and businesses of the City of Middleton, Idaho and providing services to other parts of the City government. Revenues and expenses that arise from capital and non-capital financing activities and from investing activities are presented as non-operating revenues or expenses.

The City reports the following major enterprise funds:

- *Water fund.* This fund accounts for the activities of the City's water supply system, pumping stations, and collection systems.
- *Sewer fund.* This fund accounts for the operations and collections of the City's sewer system.

• *Garbage fund.* This fund accounts for the operations and collections of the City's sanitation services.

#### Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

Nonexchange transactions, in which the City receives value without directly giving equal value in return, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if they are collected within sixty days after year-end. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, and claims and judgments, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term liabilities and acquisitions under capital leases are reported as other financing sources.

#### Fund Balance Reporting in Governmental Funds

Different measurement focuses and bases of accounting are used in the government-wide Statement of Net Position and in the governmental fund Balance Sheet.

The City uses the following fund balance categories in the governmental fund Balance Sheet:

- *Nonspendable.* Prepaid items that are permanently precluded from conversion to cash.
- *Restricted.* Balances constrained to a specific purpose by enabling legislation, external parties, or constitutional provisions.
- Unassigned. Balances available for any purpose.

The remaining fund balance classifications (committed and assigned) are either not applicable or no formal policy has yet been established to be able to utilize such classifications of fund balance. However, if there had been committed funds, these amounts would have been decided by the City Council, the City's highest level of decision-making authority, through a formal action. The City Council would also have the authority to assign funds or authorize another official to do so.

Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position/fund balance available to finance the program. When both restricted and unrestricted resources are available for use, it is the government's intent to use restricted resources first, then unrestricted resources as they are needed.

There is also no formal policy regarding the use of committed, assigned, or unassigned fund balances. However, it is the City's intent that when an expenditure is incurred for purposes for which amounts in any of the unrestricted classifications of fund balance could be used, the City considers committed amounts to be reduced first, followed by assigned amounts, and then unassigned amounts.

In the Streets & Alleys fund, external parties require that property taxes, grants, and intergovernmental revenues are to be used to maintain, build, or improve the City's roads and streets.

#### C. Assets and Liabilities

#### Cash Equivalents

The City requires all cash belonging to the City to be placed in custody of the Treasurer. A "Pooled Cash" concept is therefore used in maintaining the cash and investment accounts in the accounting records. Under this method, all cash is pooled for investment purposes and each fund has equity in the pooled amount. All amounts included in the pooled cash and investment accounts are considered to be cash and cash equivalents. See Note 2.

#### **Receivables**

All trade receivables are shown net of an allowance for doubtful accounts. As of September 30, 2022, there were no allowances in any of the funds.

#### Property Tax Calendar

The City levies its real property taxes through the county in September of each year based upon the assessed valuation as of the previous July. Property taxes are due in two installments on December 20 and June 20 and are considered delinquent on January 1 and July 1, at which time the property is subject to lien.

#### Capital Assets

Capital assets are reported at actual or estimated historical cost based on appraisals or deflated current replacement cost. Contributed assets are reported at estimated fair value at the time received.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the government-wide statements and proprietary funds are shown below:

	Capitalization	Depreciation	Estimated
	Policy	Method	<u>Useful Life</u>
Buildings and Improvements	\$5,000	Straight-Line	8 – 40 Years
Equipment and Vehicles	\$5,000	Straight-Line	5 – 20 Years

General infrastructure assets acquired prior to October 2003, are not reported in the basic financial statements. General infrastructure assets include all roads and bridges and other infrastructure assets acquired subsequent to October 1, 2003.

Depreciation is used to allocate the actual or estimated historical cost of all capital assets over their estimated useful lives.

#### Compensated Absences

The City uses the vesting method to compute compensated absences awarded to employees.

#### Pensions

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

#### 2. CASH AND INVESTMENTS

#### **Deposits**

As of September 30, 2022, the carrying amount of the City's deposits was \$5,723,704 and the respective bank balances totaled \$5,958,975 . \$4,723,704 of the bank balance was not insured through the Federal Depository Insurance Corporation (FDIC).

#### Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned. As of September 30, 2022, \$4,723,704 of the City's deposits were not covered by the federal depository insurance or by collateral held by the City's agent or pledging financial institution's trust department or agent in the name of the City. The City also had \$750 of petty cash on hand. The City does not have a formal policy limiting its exposure to custodial credit risk.

#### Custodial Credit Risk – Investments

Custodial credit risk is the risk that an issuer or other counter party to an investment will not fulfill its obligations. The City does not have a formal policy limiting its custodial credit risk for investments.

#### Interest Rate Risk

The City does not have a formal policy limiting investment maturities that would help manage its exposure to fair value losses from increasing interest rates.

#### **Investments**

The City voluntarily participates in the State of Idaho Investment Pool which does not have a credit rating. The pool is not registered with the Securities and Exchange Commission or any other regulatory body. Oversight of the pool is with the State Treasurer, and Idaho Code defines allowable investments. The fair value of the City's investment in the pool is the same as the value of the pool shares.

#### 2. CASH AND INVESTMENTS (continued)

It is the City's policy to limit investments to the safest types of securities and to diversify the City's investment portfolio so that potential losses on securities will be minimized. The City follows Idaho Statute that outlines qualifying investment options as follows:

Idaho Code authorizes the City to invest any available funds in obligations issued or guaranteed by the United States Treasury, the State of Idaho, local Idaho municipalities and taxing districts, the Farm Credit System, or Idaho public corporations, as well as time deposit accounts and repurchase agreements.

The City's investments at September 30, 2022, are summarized below:

		Mat	urity (In Years)
Investment Type	Fair Value	L	ess Than 1
Money Market Funds	\$ 14,711,275	\$	14,711,275
External Investment Pool	1,578,653		1,578,653
	\$ 16,289,928	\$	16,289,928

At year-end, cash and investments were reported in the basic financial statements in the following categories:

	Governmental	Business-type	
	Activities	Activities	Total
Cash and cash equivalents	\$ 4,499,740	\$ 1,144,055	\$ 5,643,795
Restricted Cash and Investments	-	226,172	226,172
Investments categorized as deposits	6,500,485	9,643,930	16,144,415
	\$11,000,225	<u>\$11,014,157</u>	\$22,014,382

The City has set aside restricted funds of \$226,172, which includes \$145,513 in accordance with debt restrictions and \$80,659 for utility customers' deposits.

#### 3. DUE FROM OTHER GOVERNMENTAL UNITS

Amounts due from other governmental units consist of state revenue sharing of \$317,375.

#### 4. PROPERTY TAXES

The City receives tax revenue from Canyon County. The County is responsible for property valuation and collection of tax levies. The taxes that have not been remitted to the City by the County as of September 30, 2022, are considered by the City as a receivable. Taxes not collected within 60 days after September 30, 2022, are not considered available for use by the City and are recorded as deferred revenue in the fund financial statements.

#### 5. PENSION PLAN

#### Plan Description

The City of Middleton, Idaho contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

#### Pension Benefits

The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age, and highest average salary. Members become fully vested in their retirement benefits with five years of credited service (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited service is 2.0% (2.3% for police/firefighters) of the average monthly salary for the highest consecutive 42 months.

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided the Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

#### Member and Employer Contributions

Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation and earnings from investments. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) if current rates are actuarially determined to be inadequate or in excess to accumulate sufficient assets to pay benefits when due.

The contribution rates for employees are set by statute at 60% of the employer rate for general employees and 74% for public safety. As of June 30, 2022, it was 7.16% for general employees and 9.13% for public safety. The employer contribution rate as a percent of covered payroll is set by the Retirement Board and was 11.94% for general employees and 12.28% for police and firefighters. The City of Middleton, Idaho's contributions were \$246,807 for the year ended September 30, 2022.

# Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2022, the City of Middleton, Idaho reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City of Middleton, Idaho's proportion of the net pension liability was based on the City of Middleton Idaho's share of contributions in the Base Plan pension plan relative to the total contributions of all participating PERSI Base Plan employers. At June 30, 2022, the City of Middleton, Idaho's proportion was 0.0509911 percent.

For the year ended September 30, 2022, the City of Middleton recognized pension expense/ (revenue) of \$541,901. At September 30, 2022, the City of Middleton, Idaho reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	0	Deferred outflows of lesources	I	Deferred nflows of Resources
Differences between expected and actual experience	\$	220,851	\$	8,964
Changes in assumptions or other inputs		327,432		-
Net difference between projected and actual earnings on pension plan investments		462,112		-
City of Middleton, Idaho's contributions subsequent to the measurement date		66,961		-
Total	\$	1,077,356	\$	8,964

\$66,961 reported as deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2022.

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2022, the beginning of the measurement period ended June 30, 2021, is 4.6 years and 4.6 for the measurement period June 30, 2022.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

PERSI
\$ 306,439
259,977
120,239
381,737

#### Actuarial Assumptions

Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. The Base Plan amortizes any unfunded actuarial accrued liability based on a level percentage of payroll. The maximum amortization period for the Base Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total pension liability in the June 30, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary increases	3.05%
Salary inflation	3.05%
Investment rate of return	6.35%, net of investment expenses
Cost-of-living adjustments	1%

#### Contributing Members, Service Retirement Members, and Beneficiaries

- General Employees and All Beneficiaries Males Pub-2010 General Tables, increased 11%
- General Employees and All Beneficiaries Females Pub-2010 General Tables, increased 21%
- Teachers Males Pub-2010 Teacher Tables, increased 12%
- Teachers Females Pub-2010 Teacher Tables, increased 21%

- Fire & Police Males Pub-2010 Safety Tables, increased 21%
- Fire & Police Females Pub -2010 Safety Tables, increased 26%
- Disabled Members Males Pub-2010 Disabled Tables, increased 38%
- Disabled Members Females Pub-2010 Disabled Tables, increased 36%

An experience study was performed for the period July 1, 2015 through June 30, 2020 which reviewed all economic and demographic assumptions Including mortality. The Total Pension Liability as of June 30, 2022 is based on the results of an actuarial valuation date of July 1, 2022.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets.

The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are as of 2022.

Asset Class	
Fixed Income	30.00%
US/Global Equity	55.00%
International Equity	15.00%
Cash	0.00%
Total	100.00%

#### Discount Rate

The discount rate used to measure the total pension liability was 6.35%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate.

The following presents the Employer's proportionate share of the net pension liability calculated using the discount rate of 6.35 percent, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.35 percent) or 1-percentage-point higher (7.35 percent) than the current rate:

	1% Decrease (5.35%)		-	rrent Discount Rate (6.35%)	1% Increase (7.35%)		
Employer's proportionate share of the net pension liability (asset)	\$	3,544,655	\$	2,008,415	\$	751,041	

Pension plan fiduciary net position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at www.persi.idaho.gov.

### 6. COMPENSATED ABSENCES

Vacation leave is granted to all regular City employees. In the event of termination, an employee is reimbursed for accumulated vacation leave. Changes in accumulated vacation are as follows:

	9/30/2021	Earned	Used	9/30/2022	Current
Governmental Activities	\$ 29,214	\$ 46,652	\$(56,653)	\$ 19,213	\$ 19,213

Governmental Activities - Net	<u>\$ 9.222.177</u>	<u>\$ 485,542</u>	<u>\$ -</u>	<u>\$ 10,733,556</u>

#### **City of Middleton, Idaho** Notes to Financial Statements For the Year Ended September 30, 2022

#### 7. CAPITAL ASSETS (continued)

	9/30/2021	Additions	Disposals	9/30/2022
Business-type Activities:				
Capital Assets Not Being Depreciated	:			
Land and Easments	\$ 3,625,867	\$-	\$-	\$ 3,625,867
Construction in Progress	554,730	1,351,061		1,905,791
Total	3,699,867	1,351,061		5,531,658
Capital Assets Being Depreciated:				
Buildings and Improvements	20,621,460	19,450	-	20,640,910
Equipment	1,966,256	50,770		2,017,026
Total Historical Cost	20,729,519	70,220		22,657,936
Less: Accumulated Depreciation				
Buildings and Improvements	7,003,785	649,235	-	7,653,020
Equipment	1,269,664	117,661		1,387,325
Total Accumulated Depreciation	5,614,395	766,896		9,040,345
Net Depreciable Assets	15,115,124	(696,676)		13,617,591
Business-type Activities - Net	\$ 17,688,031	\$ 654,385	<u>\$ -</u>	<u>\$ 19,149,249</u>

Depreciation expense was charged to the functions of the City as follows:

Governmental Activities:

Administrative	\$ 51,700
Highway and Streets	345,604
Public Safety	48,306
Culture and Recreation	 126,388
	\$ 571,998

All assets that were constructed using the bond funds were completed in prior years, so no interest has been capitalized in the enterprise funds.

### 8. RISK MANAGEMENT

The City is exposed to a considerable number of risks of loss including, but not limited to, a) damage to and loss of property and contents, b) employee torts, c) professional liabilities, i.e. errors and omissions, d) environmental damage, e) worker's compensation, i.e. employee injuries, and f) medical insurance costs of its employees. Commercial insurance policies are purchased to transfer the risk of loss for property and content damage, employee torts, medical insurance costs, and professional liabilities.

#### Notes to Financial Statements

For the Year Ended September 30, 2022

#### 9. LONG-TERM LIABILITIES

### Business-type Activities – Sewer Fund Bond Payable

The City issued \$2,800,000 of Series 2013 Revenue Bonds dated September 23, 2013, with a maturity date of September 23, 2043, and bearing interest at 2.75% per annum. Payments are due in September of each year. The Bonds were issued to pay for sewer system upgrades.

#### Business-type Activities – Sewer Fund Note Payable

Changes in long-term obligations for the year ended September 30, 2022, are as follows:

						Current
Description	Rate	9/30/2021	Increase	Decrease	9/30/2022	Portion
USDA Loan 92-02	2.750%	\$ 2,259,783	<u>\$ -</u>	<u>\$ (76,148</u> )	\$ 2,183,635	<u> </u>

Debt service requirements on long-term debt at September 30, 2022, are as follows:

Year Ending	Bonds				
<u>September 30,</u>	F	Principal		Interest	
2023	\$	78,242	\$	60,050	
2024		80,394		57,898	
2025		82,605		55,687	
2026	84,876			53,416	
2027		87,210		51,082	
2028-2032		473,372		218,088	
2033-2037		542,140		149,320	
2038-2042		620,899		70,561	
2043-2043	133,897			3,682	
	<u>\$2</u>	<u>2,183,635</u>	<u>\$</u>	<u>719,784</u>	

There was \$62,144 of interest expense for the year ended September 30, 2022. No interest was capitalized during the year.

## 10. TRANSFERS

During the year ended September 30, 2022 the following transfers took place between funds:

\$ 257,500	To the Library Fund from the General Fund to reimburse expenses.
80,671	To the General Fund from the Impact Fees Fund to reimburse expenses.
99,196	To the General Fund from the Street Fund to reimburse expenses.
19,274	To the General Fund from the Garbage Fund to reimburse expenses.
110,694	To the General Fund from the Water Fund to reimburse expenses.
110,694	To the General Fund from the Sewer Fund to reimburse expenses.
11,676	To the General Fund from the Library Fund to reimburse expenses.
\$ 689,705	

#### 11. MUNICIPAL LEASE

The City leases certain vehicles under long-term lease agreements. Certain leases have been recorded as municipal leases. The municipal leases consist of:

Governmental Activities:	
Equipment	\$494,964
Less: accumulated amortization (included as depreciation	
on the accompanying financial statements) by function	
Public Safety	(335,696)
	<u>\$ 159,269</u>

Changes in long-term obligations for the year ended September 30, 2022, are as follows:

Description	Maturity	Rate	9/30/2021	Increase	Decrease	9/30/2022	Current
Governmental Activities:							
Lease - Police Vehicles	2023	5.40%	119,228	-	(58,046)	61,182	61,182
Lease - Loader	2024	4.40%	10,971		(4,249)	6,722	4,434
			\$ 130,199	<u>\$ -</u>	\$ (62,295)	\$ 67,904	\$ 65,616
Business Type Activities	_						
Lease - Loader	2024	4.40%	\$ 43,884	<u>\$ -</u>	\$ (16,998)	\$ 26,886	\$ 17,734

#### **City of Middleton, Idaho** Notes to Financial Statements For the Year Ended September 30, 2022

# 11. MUNICIPAL LEASE (continued)

Future minimum lease requirements as of September 30, 2022, are as follows:

	Gov	ernmental A	ctivities	Business Type Activities			
Year Ending							
September 30,	Principal	Interest	Total Payment	Principal	Interest	Total Payment	
2023	\$ 65,616	\$ 3,548	\$ 69,164	\$ 17,734	\$ 967	\$ 18,701	
2024	2,288	49	2,337	9,152	198	9,350	
	\$ 67,904	\$ 3,597	\$ 71,501	\$ 26,886	<u>\$ 1,165</u>	<u>\$ 28,051</u>	

#### 12. LEASE REVENUE

The City leases the land for the Viper Park to the Greater Middleton Area Recreation District with a 40 year lease for \$400. All \$400 was paid at the start of the lease in 2021. At the completion of the lease the property, and any improvements made on the property, will return to the City's control.

The City leases a gravel pit to a construction company. The lease is for 2 years, with an option to extend every 2 years for a total of 10 years. The City \$541,251 in leases payments during the year ending September 30, 2022.

#### 13. RELATED PARTY TRANSACTIONS

Middleton Urban Renewal Agency (the Agency) is a component unit of the City. The capital assets constructed from the Agency's activities are contributed to the City. In the current year, there was no work for assets transferred from the Agency to the City. There are no amounts payable between the Agency and the City as of September 30, 2022.

#### **City of Middleton, Idaho** Notes to Financial Statements For the Year Ended September 30, 2022

### 14. COMPONENT UNIT

The Middleton Urban Renewal Agency (the Agency) is a separate and distinct legal entity of the City of Middleton created by and existing under the Idaho Urban Renewal Law of 1965, as amended. The Directors for the Agency are appointed by the Mayor and approved by the City Council. The Agency provides urban renewal services for the citizens of the City.

The following is a summary of the disclosures required for a fair presentation of the component unit in the City's financial statements.

A summary of long-term liability activity for the year ended September 30, 2022, is as follows:

							E	stimated
Governmental Activities:	Rate	Beginning	Increase	Dec	rease	Ending	(	Current
Note Payable - Middleton								
Village Project	4.110%	\$ 289,985	\$-	\$	-	\$ 289,985	\$	15,244
		\$ 289,985	\$-	\$	-	\$ 289,985	\$	15,244

## 1. BUDGETS AND BUDGETARY ACCOUNTING

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. Prior to September 1, the Department Heads, the City Treasurer, Mayor, and City Council prepare a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- B. Public hearings are conducted at the City Hall to obtain landowner and resident comments.
- C. Prior to October 1, the budget is legally enacted through passage of an ordinance.
- D. The City is authorized to transfer budgeted amounts between departments within any non-enterprise fund; however, no revision can be made to increase the overall tax supported funds except when federal or state grants are approved. The City, however, must follow the same budgetary procedures as they followed when the original budget was approved. The budget for enterprise funds may also be revised in the same manner as those situations involving federal and state grants.
- E. Formal budgetary integration is employed as a management control device during the year for the General fund and Special Revenue funds.

Total Federal Financial Assistance Expended			\$ 1,358,071

NOTE: The accompanying schedule of expenditures of federal awards is prepared on the accrual basis of accounting.

## 1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal grant activity of the City of Middleton, Idaho under programs of the Federal Government for the year ended September 30, 2022. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the City of Middleton, Idaho, it is not intended to and does not present the financial position or changes in Net Position of the City of Middleton, Idaho.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported using the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, where certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

## 3. INDIRECT COST RATE

The City of Middleton, Idaho has not elected to use the 10-perecent de minims indirect cost rate.

## Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Honorable Mayor and City Council City of Middleton, Idaho

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the remaining fund information of the City of Middleton, Idaho, as of and for the year ended September 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Middleton, Idaho's basic financial statements and have issued our report thereon dated March 9, 2023.

## Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Middleton, Idaho's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Middleton, Idaho's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Middleton, Idaho's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Middleton, Idaho's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### Independent Auditor s Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by Uniform Guidance

Honorable Mayor and City Council City of Middleton, Idaho

## **Report on Compliance for Each Major Federal Program**

## **Opinion on Each Major Federal Program**

We have audited the City of Middleton, Idaho's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Middleton, Idaho's major federal programs for the year ended September 30, 2022. The City of Middleton, Idaho's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of Middleton, Idaho, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2022.

## Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of Middleton, Idaho and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of Middleton, Idaho's compliance with the compliance requirements referred to above.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City of Middleton, Idaho's federal programs.

## Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of Middleton, Idaho's compliance based on out audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of Middleton, Idaho's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on a
  test basis, evidence regarding the City of Middleton, Idaho's compliance with the compliance
  requirements referred to above and performing such other procedures as we considered necessary
  in the circumstances.
- Obtain an understanding of the City of Middleton, Idaho's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the City of Middleton, Idaho's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance is a deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
