TUESDAY— February 6, 2024

Noon to 1 pm

and

6 pm to 7 pm

CITY HALL

1103 W Main Street

Additional Questions or Comments?

CitMid@MiddletonCity.Com or (208) 585-3133

The City of Middleton has been awarded a Strategic Initiatives Program Grant from the Idaho Transportation Department to install a traffic signal at the intersection of Cemetery Road and State Highway 44.

This grant, in conjunction with our City Council's decision last year to commission an engineering design of the improvements, will allow this project to be constructed in 2024.

The City is hosting an open house to inform our community about the project, traffic pattern changes necessary to accommodate the new signal, and to answer questions.
