## **Roundabout at N. Middleton Road and Cornell**

The Local Highway Technical Assistance Council (LHTAC) has programmed a project to construct a roundabout at the intersection of Cornell and N. Middleton Road - across from Foote park. This is a federally funded safety improvement project sponsored by the City of Middleton. Construction is scheduled to begin June 2021 and complete in October 2021. LHTAC bid the project and it was awarded to Knife River, Inc. Grant funding pays 92.66% of the project cost with the city match at 7.34% or \$34,920. During construction traffic will be re-routed to avoid the construction area, signs will be posted.

For questions during construction please call Triston Hylton who is the project manager for Knife River, 208-562-5079
