**Re: New Traffic Pattern on Sawtooth Lake Drive and Crane Creek  
S. Cemetery Road anticipated to open November 1, 2021**

South Cemetery Road beginning at State Highway 44 to Sawtooth Lake Drive is anticipated to be open between October 15 and November 1, 2021. The general contractor is waiting for the pavement mix to be certified by ITD prior to paving and signing. Attached is a diagram showing the new traffic pattern that will be put in place in the next few days. During public testimony at the September 15, 2021, city council meeting, a resident requested that the 30 MPH speed limit in the new section of S. Cemetery Road be lowered to 25 MPH. The city is working with the project team to see if this can be implemented.

Until the project is completed DO NOT travel in the project area. If you have any questions, please feel free to contact me.
